

Hi [Customer First Name],

When should you start decorating for the holidays? It's never too early to start! If you're not sure where to begin, we have a 5 few suggestions for you.

- Start small - You don't have to do everything at once! Spruce up a room or two with some festive touches and the rest will fall into place. It's easy to get overwhelmed by holiday decorating because it can be expensive, but you don't need all of your rooms decked out from top to bottom for your home to feel festive.

- Make a plan - When you have a clear idea of what your holiday decorating goals are, it will be much easier to achieve them! Determine the budget for this year's décor and stick to it. Decide if you want to invest in new items or reuse old ones from previous years that still look great.

- Shop early - Get your shopping done as soon as possible so you don't have to worry about it later on! If you wait until the last minute, holiday sales will be over and many of your favorite retailers may not carry all of the items on your list anymore. It's better to plan ahead than risk having a less-than-perfect holiday season.

- Get help - If you're not sure where to start shopping for your festive décor or if you don't have the time, let us lend a hand! We'll show you how easy it can be and we even offer FREE shipping on orders over \$50! What's better than that? Not much!

- Get festive - Use holiday decorating to bring some cheer into your home. It's a great way to get in the spirit of giving and celebrate all that is good about this time of year! Decorating with festive décor will make you feel like Christmas is just around the corner, which can help get everyone excited for the upcoming season.

There are lots of options when it comes to holiday décor, so don't worry if you're not sure where to start. We hope these 5 suggestions will make getting in the spirit easy-peasy this year! You could even ask us for help--our team would love nothing more than lending a hand or two during the holiday season.
