Accessibility Conformance Report

EN 301 549 Edition

(Based on VPAT® Version 2.4Rev)

Name of Product/Version:

Credential Finder/V2.0

Report Date:

November 10, 2022

Product Description:

Website for searching and discovering all of the data published to the Credential Registry https://credentialfinder.org. This website consists of a landing page, search results list view, detail pages for each search result and two reports pages.

Contact Information:

Jeanne Kitchens, CTSO jkitchens@credentialengine.org, Mike Parsons, Senior Solutions Architect mparsons@credentialengine.org, Nate Argo, Solutions Architect nargo@credentialengine.org

Notes:

This is a website. It is not software and it does not include any electronic documents or authoring tools. The purpose of this website is to search and discover all of the data published to the Credential Registry.

There is no authentication to use this site and there is no collection or exchange of any personal or financial information.

Evaluation Methods Used:

Conformance to the listed accessibility standards has been evaluated by the technical team members that are responsible for maintenance of the website using analysis tools and manual testing. The following tools were used: Microsoft Accessibility Insights for Web and Google Chrome Screen Reader. Testing was done using these tools and using a keyboard to ensure all functions are usable without a mouse and to support screen readers. The Microsoft Accessibility Insights for the Web is used to identify any accessibility issues and to address them. This includes checking each success criteria in this report manually and in combination with the above listed tools.

Applicable Standards/Guidelines

This report covers the degree of conformance for the following accessibility standard/guidelines:
