

# Privacy Policy – ATM Simulator

**Last updated:** 20 December 2025

ATM Simulator is an educational application designed to simulate basic ATM and banking operations for learning purposes only. We respect user privacy and are committed to protecting it.

---

## Information We Collect

ATM Simulator **does not collect any personal or sensitive user information.**

We do **NOT** collect:

- Name, email address, phone number
  - Bank account details
  - Debit or credit card information
  - ATM PIN, OTP, or passwords
  - Location data
  - Contacts, media, or device identifiers
- 

## Local Storage

The app uses **local device storage (SharedPreferences)** only to:

- Save the simulated account balance
- Restore app data when the user reopens the app

All stored data remains **on the user's device only** and is **never shared or transmitted.**

---

## Internet Usage

- ATM Simulator does **not require internet access**
  - No data is sent to any server
  - No online communication is performed
- 

## Third-Party Services

ATM Simulator does **not use any third-party services**, including:

- Advertisements
  - Analytics tools
  - Payment gateways
  - Tracking or profiling SDKs
- 

## Data Security

Because all data is stored locally on the device:

- Users have full control over their data
  - Uninstalling the app permanently deletes all stored information
- 

## Children's Privacy

ATM Simulator is safe for all age groups.

We do **not knowingly collect any personal data from children under the age of 13**.

---

## Disclaimer

This app is a **simulation only** and is **not connected to any real bank, ATM, or financial institution**.

All transactions are fictional and intended for educational use.

---

## **Changes to This Privacy Policy**

We may update this Privacy Policy when necessary.

Any changes will be reflected on this page.

---

## **Contact Information**

**Developer:** A.N. Technologies

**App Name:** ATM Simulator
