pyDataverse

Working group

When

https://time.is/compare/1400_03_July_2024_in_UTC

Meeting link (recorded and posted to https://py.gdcc.io)

https://unistuttgart.webex.com/unistuttgart/j.php?MTID=m322473ae7c744792437ce854422e52a3

Attendees

- Jan
- Phil

Agenda

- DVUploader and Filesystem integration
    - Almost done → Migrating tests and extending towards the filesystem
- PyDantic Models
    - Generate from DV specs or manual curation?
    - Already given at “schema” dir, but unused
    - Rust-Dataverse follows a similar approach
      rust-dataverse: ⚙️ - Rust library and command line interface for Dataverse

Notes

- See also the JSON Schema for datasets thread on Zulip.

ToDo’s

- …
