

Fear Not! There Will Be More Raccoons! Part 1

"I'm serious!" Alexandra Paul said gravely, "nobody can know about this!"

"Sure," Zendaya said with a smile and plopped down on the couch.

Alexandra Paul the Naked Babe 

"No, I mean it! If anybody finds out it will have serious consequences!"

Zendaya giggled.

The Contested Heels 

"You are not taking me seriously!"

"I can't take you seriously," Zendaya began but stopped for a moment while her eyes roamed up and down Alexandra's firm, slender body, ...*"when you're not wearing any clothes! Why are you naked?"*

"That is not important," Alexandra said, "besides, I'm not naked, I'm wearing my heels! But do you understand what I'm trying to say?"

"Do you?"

"Yes," Zendaya said and pulled Alexandra on top of her. It was rather easy to topple Alex as she was again wearing her ridiculously high platform heels in an attempt to appear taller. Unfortunately, she wasn't *skilled* enough to walk in such heels – sneakers were more her thing – and her balance was a bit off-kilter.

Zendaya wrapped her arms and legs around her lissom girlfriend, *"You know that if anything bad happens, I will protect you!"* She gave Alex a big smooch. It felt good having Alex in a tight hug, even if she was naked... or perhaps because of it.

Alexandra wriggled to get eye-contact with Zendaya, *"You're not taking this seriously!"*

Zendaya squeezed Alex, *"And you're worrying too much–"* Z noticed Alex's heels, *"Tell me... I've been wondering, are those the original shoes? The ones Kristen Stewart won from you?"* (TKO2 #14 – Punishing Stewart)

"She didn't 'win' anything, she stole them! And of course - ungh - they are the originals," Alex tried to get away from the tight hug, but had to resign being squeezed by Z... not that it was an unpleasant experience, "do you like them?"

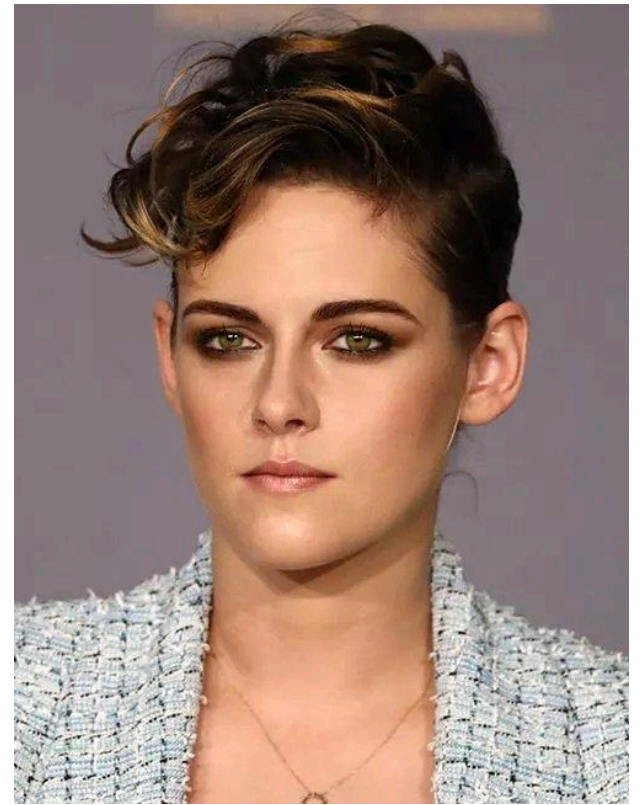

"Sure, but I thought Kristen had them."

"The official story is that they were recovered a long time ago (TKO2 #15 - Cats & Ninjas), but the truth is that Danvers recovered them only today, when she rescued Joalin Loukamaa." (TKO2 #19 - Mistress and Slave)

"Really? 'Rescued'? Joalin was treated like a princess, I don't think she needed to be rescued." Zendaya realized something and let go of Alex, "Aren't you afraid that Kristen will now come after you?"

"Why would I be afraid of that little girl?" Alexandra laughed; she flexed her arms, "I have the muscles to beat her, right?" Zendaya smiled weakly and caressed Alexandra's slim arms knowing fully well that In all their previous encounters Kristen had so far beaten Alexandra. "She's so tiny, she's not like us, she must be at least six inches shorter. Besides, Danvers left a pair of fake heels in their place - Kristen's so dumb she will not notice anything!"

"I'm not so sure about that..."

Kristen Stewart the Dishonest Thief

"Well let her come," Alex said defiantly, "I'll destroy her like I always do!" She smiled and gave Zendaya a peck, "And as you said, you will be here to protect me."

"Sure... but what was it you wanted to show me?"

"Raccoon has been scouring the world in search of new fighters. I have now compiled a report that has been sent to all current Raccoon fighters so that they can give their opinion. All of us are to pick ten favorites; the ones with the most votes will move on to the second round. I know I shouldn't show you this, but I want to hear your opinion."

"Sure."

"They have already been given a preliminary rating for their physical and mental ability and their fighting skills. This evaluation is based on common knowledge - they have not been tested in a Raccoon facility," Alexandra explained. "And I think there are a few late additions, that I haven't seen, that have been added to the list. How exciting!"

"Let's take a look..."

Moments Later...

Alexandra's was staring at the last page, gripping the folder so tightly her knuckles had turned white. It took twenty seconds before Alexandra said anything, "Is Raccoon planning on signing Jessica... and Pamela? But... but they are in *Pye's Gorgeous Grapples*! No way Pye is going to release them!"

"Isn't Strahovski also in PGG?"

"Yes! What is going on? Hold on... let me check something..." Alexandra's blushing face turned white, then back to red as she scrolled through the messages on her phone she had missed. "It... it looks like PGG and IYFB are have disbanded and all their fighters have been released!"

"Interesting, wonder if the Barbies are trying to get someone," Zendaya said, "or do they even know about it." Zendaya quickly texted her boss.

Alexandra dropped the folder. "Pamela can't be a Raccoon!" Alexandra stood up and began pacing around the room.

"Why?" Zendaya asked and picked up the folder. The uneven tapping of Alex's heels was slightly disturbing; she could definitely use some training in elegant high heels walking from one of the Barbies. You would imagine that someone with such long, beautiful... slender, long... amazing long legs would know how to walk in heels. It wasn't like Alexandra was a stranger to the red carpet.

📌 *Alexandra Paul the Confused Babe*

"Because... because," Alexanra flailed around with her arms, "She just can't!"

Alexandra grabbed the folder, "And what is this?! *'Biceps will distract AP!'* What does that mean? Is *'AP'* supposed to be me?" She dropped the folder onto Z's lap and continued to pace around. "Why would I be distracted by Pam's tiny biceps?"

Zendaya rolled her eyes; she showed Alex the page with Jessica and Pamela, "Are you saying that you're not turned on by Jessica's legs? Or Pam's abs and biceps? Don't you think that will distract you?"

"I..." Alex stared at the images and lost her train of thought.

"Sit down next to me," Zendaya said; it was too distracting having the naked Alexandra parade around, "and we'll take another look. Remember that you are supposed to pick your favorites for the second round. What does the second round entail, by the way; do you know?"

📌 *Pamela Anderson the Flexing Babe*

"I'm not sure, it hasn't been determined yet, but I'm sure that they will be thoroughly measured, tested and evaluated and I would think there will be some sort of tournament with fan participation. To build up the hype, you know."

"What do you think of these Filipino girls – Gabbi Garcia and Sanya Lopez?"

"Cute...I'm not sure swordfighting is a useful talent in the UCC, but Sanya has a background in muay thai. Those fantasy outfits would be amazing fight attires... quite enticing. What do you think?"

Z glanced at Alex, "At least they're wearing something..."

"Ok next we have... another muscle girl, **Isabell Adolfsen**," Alex said turning the page, "And **Rachel DeMita**, she's also an athlete. What do you think of them?"

"Isabell looks really strong."

"She has five dots in '*physical*'" Alexandra mumbled while caressing Z's arm, wondering who would win an armwrestling match, Isabell or Zendaya, "Wonder how strong she really is."

"Strength is all relative. You do know that having big bulging muscles doesn't always translate to power."

"Of course, but having big muscles, as I do, doesn't mean you're a weakling either."

Zendaya said nothing as this was not the time to discuss reality with Alexandra. Certainly Alexandra had muscles, but they were long and lean, nothing like Isabell's. Even Zendaya had bigger muscles... something Alex knew subconsciously even if her conscious mind denied it.

"She's from Norway, do we have any Norwegians in the UCC at the moment?"

"What about *Word of Fight*, they have fighters from all around the world?"

"They had **Monica Hansen** back in the UMMA days, but... no, no Norwegians, but I don't think that is reason enough to sign someone... but I could see her as a Raccoon."

"Rachel is really pretty. She reminds me of **Allison Stokke**. I think she would fit perfectly with us."

"What about the one with the really muscular legs?"

"Do you mean **Viivi Pumpanen**? She is a former Miss Finland... When I was preparing the file I found out that she lied about her height and added four centimeters to it when entering the *Miss Finland* and later the *Miss Universe* pageants. I can't understand how nobody noticed that!"

Zendaya looked at Alexandra's shoes that added over 12 cm to her height, "If she had had your shoes, she wouldn't have needed to lie. By the way, have you been working out your legs?"

"She is quite the *daredevil* though, she has even done a TV show with the *Dudesons*."

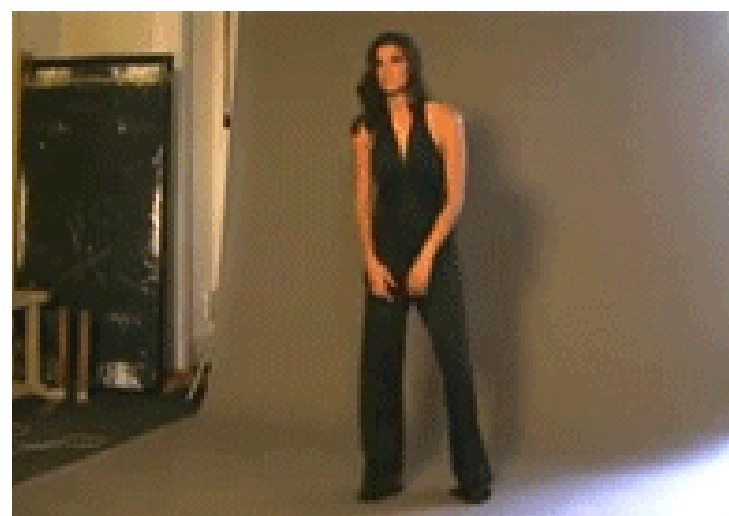

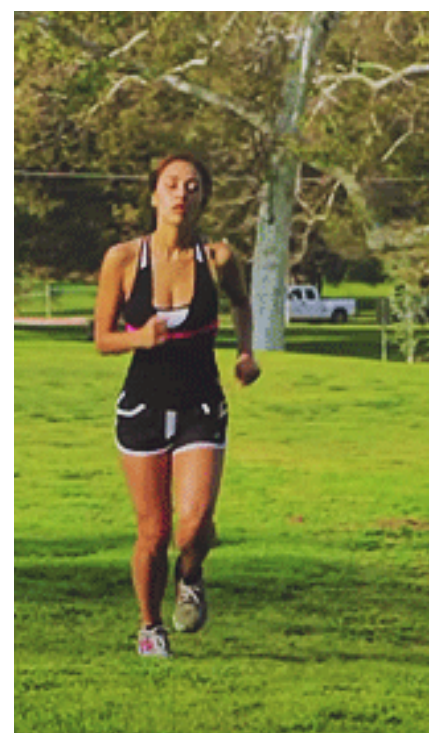

"Dudesons?"

Lindsey Morgan the Athletic Jogging Girl □

"I think they are the Finnish *Jackass*." She gave Z's cheek a light kiss, "And thank you for noticing that I've been working on my legs! I've been trying to follow your program, but it's quite tough - harder than I had thought. No wonder you have the greatest legs in UCC."

"My legs are similar to yours. Maybe you're the one with the sexiest legs in the UCC."

Alexandra blushed at the compliment. "Don't be silly."

"But back to Viivi, I'm not sure about her... can we trust someone who lies about her height?"

"There is something about **Courtney Hope** that rubs me the wrong way." She turned the page, "**Lindsey Morgan** and **Daniela Ruah** are former Raccoons and I would love to see them return. Lindsey's really into fitness, you know."

"It looks like Daniela towers over the others."

"Daniela is quite tall," Alexandra agreed but added quickly, "slightly shorter than I am."

□ *Daniela Ruah the Tall Kicking Girl*

At some point Raccoon was signing only tall fighters, I think it was a reaction to *Hayden's Powergirls* signing shorter women. Hayden was trying to show that tiny girls are tougher than tall ones."

"What about Ciara Hanna and Lieke Claver?"

"I can't believe Claver's over 6 feet tall!" Alexandra said, "but I double checked it. I know that there are even taller women in the UCC, but..." she swallowed, "L-look at her arms..." Alexandra stammered, "and her abs!"

Zendaya smiled as she knew Alex had trouble with girls bigger than her.

"Ciara Hanna looks cute. Her castmate from *Powerrangers Megaforce* Christina Masterson was a Raccoon at one point. Ciara could be my fifth pick."

"Maria Huntington is my sixth pick. She's a heptathlete just like Jessica Ennis. But why is there a mention of Maria owing 137 pairs of sneakers. She's an athlete, all athletes have piles of sneakers. I have almost 100 pairs myself and I know that Hanna- Maria Seppälä has a room full of sneakers. There is nothing wrong with that!"

"So Alexandra collects sneakers in addition to wax figures and action figures," Zendaya thought, "Wonder where those are hidden?"

"Amelie Weissenberger was really eager to join but she had to be dropped because she refused to reveal anything about herself. She didn't even want to tell her age! What a strange girl."

"Yvonne Strahovski is definitely in. There were some backroom deals made when she left Raccoon for PPG. I never found out why she left, but I welcome her back."

📺 *Yvonne Strahovski the Former Raccoon*

"I guess that's it. These are my picks: Isabell-

"Hold on! Aren't you forgetting someone?"

Alexandra's face turned deep red, "What... who?"

Zendaya turned to the last page, "*Jessica Simpson and Pamela Anderson.*"

"I-uh..." Alexandra stammered. "I was thinking about the stable. And us!"

"What do you mean?"

"Well, you know..." Alexandra tried to explain, "As you know, Pamela really admires me and my athletic prowess. And I've told you how

competitive she is, has always been... she thinks she's this great athlete and as you know she wants to compete with me all the time. She keeps challenging me to all kinds of competitions, like the *Lifeguard Competition* which I won, of course. She just doesn't want to give up or admit the facts... the facts that I'm just tougher and better than her." (TKO2 #17 - The Lifeguard Competition 2) As usual Alexandra failed to mention, or perhaps she just didn't remember all the competitions she had lost to Pamela. (TKO2 #10 - The Lifeguard Competition 1 & TKO2 #2 - The Raccoon Report - The Sort of, Kinda Heptathlon)

Zendaya had of course heard about the competitions, how could she not? She also knew of Alex's defense mechanism that made her vehemently deny and even completely forget embarrassing losses; Zendaya wondered if it was a useful or useless trait. She had even experienced Alexandra's denial personally when they worked out together in the gym. Alexandra was always so enthusiastic... so eager to show how tough she was. Unfortunately she rarely was able to keep up with Zendaya's workout routines for long. It did give Zendaya a level of satisfaction that an actress like herself could outperform physically someone like Alexandra. She was stronger than Alexandra, that had become very clear, but had Alex admitted that? No.

"Is that a reason not to give her a chance to join Raccoon?"

"It would be a distraction and-" Alexandra stopped.

"And?"

"I was also thinking about us..." Alexandra admitted, "You know about my past. And... I love you! You know that, right?"

"...But I have... these... strange feelings for Pamela. I can't explain them, but I feel... *funny* whenever I see her. Imagine if she was in the same stable!" there was a tear in her eye when she continued, "I don't want to hurt you or endanger what we have."

"I believe that you are attracted to Pamela's and Jessica's muscles," Zendaya said, "It's just that simple, I think." Zendaya had intentionally changed her own training program so that she would have biceps and abs that Alexandra could drool over. She was pretty happy with the outcome...

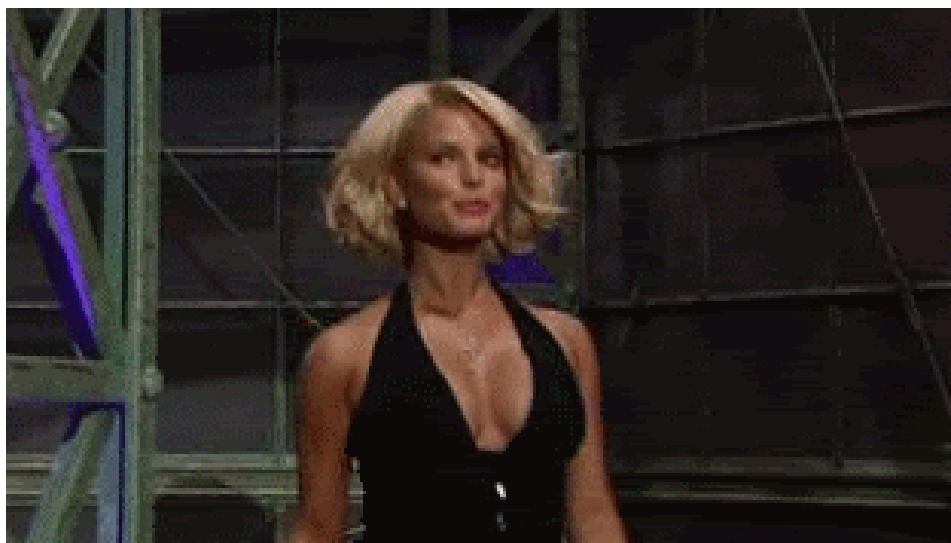

Zendaya the Workout Girl 🐼

Alexandra pondered on what Zendaya had said. "You might be right..."

Z reached out and caressed A's AA-sized chest, and yes the chest was still bare, "Besides... you are lacking in the *boobs department*."

"I am very happy with my boobs, thank you very much. I thought you liked them too!" It was true that these days Alexandra valued her tiny boobs, but that had not always been the case. During her first year on Baywatch she had been envious of her well-endowed costars and had seriously contemplated getting implants.

🐼 *Jessica Simpson the Boob Babe*

"No, I meant that *Raccoon* is lacking women with big breasts. Breasts sell. I don't think you have anything bigger than B-cups. Adding Jessica and Pamela to the stable would double the *breast factor* of the stable!"

"So... you're suggesting that I pick Pamela and Jessica because they have big boobs?"

"They are the most experienced fighters of the lot. If you want the best for the stable you should have them on your list... regardless of your personal feelings."

"Perhaps... perhaps you're right. Hold on, I'll send my list to Raccoon."

When Alex had sent her list, Zendaya was looking at her, "But really, where are your clothes?"

Fear Not! There Will Be More Raccoons! Part 2

“**Raccoon** is going to introduce new fighters,” **Hanna-Maria** Seppälä explained to **Victoria Justice**. “A fact sheet about the applicants has been sent to all current Raccoons so that we can give feedback. We are to pick ten favorites; the ones with the most votes will move on to the second round.”

“I’m impressed that Raccoon is letting you and his other fighters voice their opinions. That’s something that doesn’t happen at **Hellfire**. Travis just hired three new girls and I knew nothing about it!”

“Really? Anybody I know? Anybody interesting?”

“I don’t know who you know or find interesting.” Victoria said, wiggling her bare midsection.

“I know I shouldn’t show you this, but I want to hear your opinion–” Hanna-Maria’s voice trailed off when she noticed Victoria’s abs.

It was intentional, of course, Victoria liked to tease Hanna-Maria every now and then. Hanski might not be as obsessed with muscles as **Alexandra Paul**, but the blonde swimmer really liked a well trained body.

“They have already been given a preliminary rating for their physical and mental abilities and their fighting skills. This evaluation is based on common knowledge – they have not yet been tested in a Raccoon facility,” Hanna-Maria explained.

“Let me take a look. You know my knowledge on these things is better than yours. You can trust me, Hanski, I won’t divulge any of this to Travis or any of the girls at Hellfire.”

Several minutes later...

"Oh wow," Hanna-Maria said after turning the last page. "There were some interesting women."

"So many to choose from, and a lot of *muscular* women," Victoria added.

"Yeah, I noticed, but did you notice that three were three **Pye's Gorgeous Grapplers** on the list."

"Fighters are quite often traded; maybe Pye has grown tired of them and wants some new blood?"

"So what do you think?" Hanna-Maria asked. "**Isabell Adolfsen** and **Lieke Klaver** have impressive physiques, don't you think? Wonder how strong they are?"

"Haven't you learned that it's not size that alone determines how strong someone is?" Victoria asked and flexed her muscles, "I bet I'm stronger than either of them!"

"I... I don't doubt that," she looked at her fiancé with admiring eyes. "I just think they could be a good addition to Raccoon."

"But they're both heavyweights. Don't you already have enough of them? What about some smaller and lighter fighters?"

"What about **Rachel de Mita**? She would fit perfectly into the stable. Raccoon already has several athletes."

"She's also a heavyweight! Actually most of the girls on this list are heavyweights. **Ciara Hanna** is a welterweight; Raccoon doesn't have many of those."

"What the hell is this about **Maria Huntington**? What's the problem with her having 137 pairs of sneakers? I have probably more than that... Don't they understand that a *real* athlete uses a dozen pairs in a year?"

Victoria rolled her eyes, fully aware of her girlfriend's sneaker fetish. "What about the PGG girls?"

"Yvonne Strahovski, Pamela Anderson and Jessica Simpson would be great additions, but... having Pamela on the stable... I just wonder what it would do to Alexandra Paul!"

"And how would it affect you!" Victoria added.

"What do you mean?"

"Please, I know what's going on in that pretty head of yours." Victoria laughed, "Ever since Alexandra and Pamela Anderson's 400m medley (TKO2. #2 – The Raccoon Report) you've been worried that Pam will beat your record. Being on the same stable will eventually lead to either you challenging her or Pam challenging you to a medley."

"That is highly unlikely."

"That she challenges you or that she beats you?"

"Both! Let's not get distracted! I'm supposed to pick a few candidates that I think would make great Raccoons. It doesn't mean that they *will* join the stable though."

"I don't know about that, Hanski. Give yourself more credit, Raccoon values your opinion. You're a smart woman."

"You say that, yet you love me for my body..."

Hanna-Maria mumbled. "So... I naturally gravitate towards the athletes..." Hanna-Maria pondered, "Isabell Adolfsen and Lieke Claver, Rachel de Mita and Maria Huntington." She looked at Victoria, "Or would that be too much... *muscle*?"

"You would no longer be the biggest girl in the stable, that's for sure."

"What if instead of Adolfsen I'd pick Sanni? I like her red hair - a real eye catcher. Do you think bright red hair would look good on me? Fiery red!"

"Hanski, I think you'd look sexy if you were bald. But, you're so adorable with your natural blonde hair. And I know for a fact that you are a 100%, natural and pure blonde. Don't go dyeing your hair for me, hun."

"You know what?" Hanna-Maria suddenly said, "you are making this so hard!"

"What? Why? I'm just trying to help."

"Your abs! I can't concentrate! Why did you have to wear a crop top?"

"You could have abs like these too," Victoria laughed and gave Hanna-Maria a quick belly dance right in front of her eyes. The pleasure overload was too much and Hanna-Maria passed out. She will fully recover in a week or two.
