Training Attendance and Behaviour

- If you are not able to fulfill the above training commitment, please speak to your Head coach as soon as possible. This may lead to a swimmer being given an Individual Participation Agreement.
- Individual Participation Agreements will be signed by the student, parent, Aquatics director, and Athletics director.
- If you are not able to maintain the minimum criteria applicable to your squad. If a swimmer misses 3 sessions during the year, for unjustified reasons (only official certificates and medical certificates will be accepted), an email will be sent to families informing them that the following session in a week missed will involve the exclusion

from the team. There will be a full one-term cool-down period before the same swimmer can trial out again to access the team.

- Failure to attend galas will be interpreted as an indication that a swimmer does not wish to participate in a competitive environment and as such the offer of a squad place may be at risk. Any swimmer who has entered an open meet and then wishes to withdraw from the meet, a session or a race may only do so after consultation with their coach.
- When attending open meets or team gala events, you are representing the School and should always wear School kit such as DRAGONS swim hats and DRAGONS Tops. In accordance with the School Codes of Conduct, an appropriate level of behavior should be maintained at all times.
- Movement between squads. It will not be allowed to move to a different year group squad under any circumstances. The only exception to this rule will be transitions to new squad offered in Term 3 only. Even if lower squad swimmers can fulfil Time Standard criteria for a higher squad.
- Swimmers training outside school, in swimming clubs, are required to have a meeting with the group lead coach, and, after the agreement, a minimum of 1 session per week is needed.
- Swimmers training outside the school will lose their Dragons swimming selection opportunities if they fail to attend the once-per-week session more than 3 times during the academic year. All absence days must be properly justified, preferably with MC or a verified document.

SCHOOLSBUDDY Groups

All swimmers confirmed in their respective squads must request to be added to their sessions on Schools buddy. This is an important step; whoever has not registered and allocated in Schoolbuddy for the session to attend will not be allowed to take part in that session. This follows the school child protection policy.

Schoolsbuddy registration window will be shared by the School and CCA Team with all school students.

Swimming Meets Entry Requirements:

Selection Policy (2025/2026):

Only students who do train at school Dragons squads will be selected. This is a requirement of all students representing all Dragons sports.

Swimmers who train outside, in clubs (exclusively) must attend one session per week to remain in the Dragons Swimming Squad and have the rights to be selected for Swim Meets.

If a swimmer misses 3 sessions during the year, for unjustified reasons (only official certificates and medical certificates will be accepted), they will be excluded from being selected for any swim meet.

All marks to be taken into consideration must have been obtained representing GIS Dragons (no club participation marks will be taken into consideration), and according to the Dragons Team Manager Database (3 months max for time prior to selection)

Times recorded out of GIS Dragons Squads will not be taken into consideration for selection criteria.

Swimmers can be registered under their requested seed times for swim meets. The seed times must be provided by email before the entries deadline.

Where there are max squad size restrictions, then ability over a number of events will be a deciding factor in selection and not just a single fastest time.
