Overall comments/suggestions^{27 responses}

Amazing presentation especially for new committee Chairman trying to figure it out. Recommend talking to chairman about learning to delegate tasks better and not being afraid to ask committee members to help instead of taking on tasks themselves or going to their go to people each time.

Enjoyed the meeting. I found the information to be very helpful. I enjoyed the conversation afterwards suggest an overview for other committees to present, so Sorors can learn and can actively see where they may be able to fit in and gain new ideas, skill sets together.

Excellent Workshop, A little lengthy but great material covered and the training was well needed.

Great workshop. Sufficient time given for questions and responses. Great open dialogue.

This workshop was extremely informative & very good!!

The workshop was great and extremely helpful!

Great workshop! Information was very beneficial. Good job Basilei Council. 

Excellent info. Present on protocol.

I think it was productive and hopefully we can implement some of the ideas presented so that we can be productive.

Great workshop

Excellent!!!

Great Work Shop

Overall great we just didn't stick to the allotted time.

Great workshop!

Went a little long but it went long last year and it was in person. The virtual environment helps.

None

Continue regular workshoos

Great information! Good that the Chairmen had an opportunity to vent. We need to advertise the planned allotted time for the event and appoint a timekeeper to keep us on track. Incorporate more movement in the 3rd hour. Provide a forum for the Standing committees chairman to meet and discuss activities together.

great workshop, just was a little to long

I absolutely loved the workshop! The information presented was so helpful and It left me on Fire and ready to do more!

Very informative!

Job well done! We should elaborate on preventing burnout by holding more Chair-/ Co-chairman events that are non-business oriented.

Conflict resolution.

Great workshop.
