

FairPlay 4 Inclusion: Cycling Event

System and Generation organized a Cycling Event within the Fairplay 4 Inclusion Project co-funded by the European Union.

System and Generation Association, in the frame of “FairPlay 4 Inclusion” project, organized on the 20th August 2021 a Cycling Event at Eymir Lake and National Park of Ankara. This event aimed at promoting and encouraging healthy lifestyle and social inclusion, especially among youngsters, migrants, and students who are facing economic social, cultural difficulties. The Cycling Event, with the continued support of S&G Coordinators and youth workers, achieved to increase awareness among youngsters about the importance and benefit of having an active life, solidarity, respect towards people from other nationalities, and also become familiar with the principles of FairPlay.
