Hi [\[FIRSTNAME\]](#),

Are you a coach, workshop leader, speaker, practitioner, healing and helping professional, influencer, visionary or change-maker who works with women (or feeling called to become one)?

You probably know it's a historic and exciting time for women to RISE into greater possibilities.

What you might not know is that there's a **profound sea-change happening** for women that's as revolutionary as the internet and the emergence of social media.

If you want to be at the forefront of the multi-billion-dollar coaching and workshop industry, and make the greatest difference for your female clients,

you need to know what my good friend, Claire Zammit is sharing for FREE in this brand-new ebook called...

**The Fempower Revolution:
The Blueprint for Coaches, Workshop Leaders, Visionaries, and
Change-Makers Who Want to Empower and Serve Women at the
Highest Level**

**By Claire Zammit, Ph.D.,
Founder of Feminine Power**

You see, millions of women are awakening to a new stage of evolution; they are rapidly moving up Maslow's hierarchy from achievement to self-actualization.

The approaches of most traditional life-coaching—which are very goal-oriented and strategic—don't work when it comes to the new set of urgent problems and unrealized possibilities that women face at this new stage.

Women don't want to just achieve success anymore, they want to become themselves fully, unleash their gifts, discover their purpose, create deep intimacy, thriving relationships, awaken their spiritual potential and make a difference in the lives of others.

It's impossible to create and manifest at this new level without making a shift to creating with a Feminine system of power.

The barriers to accessing the power to step forward into these possibilities are rooted in a different place than most have been working.

My good friend Dr. Claire Zammit, who has helped more women than anyone in the world today to awaken their Feminine Power and engaged in a decade-long research project on this topic, wrote this ebook to share what change-makers need to know right now to have a greater impact.

There's a very particular way of coaching, facilitating and mentoring within a Feminine system of creation that will give women clients access to deep and powerful results if they're wanting to create and manifest in this arena of self-actualization.

In the ebook you'll discover...

- The revolutionary shift from achievement to **self-actualization** millions of women are making, and why it's critical to pivot as a change-maker.
- Why **goal setting, vision boards, and traditional life-coaching** don't work for women at this new stage, and what does.
- The **8 New Coaching/Workshop niches** that few change-makers are even aware of that are in high demand.
- The **3 hidden "Power Blocks"** preventing your female clients from getting the results they desire that you have likely not been trained in how to work with.

- The shift to creating with a **Feminine system of power** that is critical to success at this new stage of self-actualization.
- How to unlock the **3 Feminine Power Centers** that will give your female clients access to the power they need to manifest their greatest possibilities.

I believe that when women RISE into their potentials, our world will flourish like never before.

When women become empowered, they invest in their families, their communities and their businesses, and they participate in social transformation.

Get more leverage and have more impact and success with all the practice, tools and wisdom in this revolutionary ebook now:

Here are some highlights of what Claire reveals in the seminar:

@ 09:38 — THE BIG SHIFT FOR WOMEN

In this part of the seminar, Claire will explain why this is happening and how to break free by making **the shift** to Feminine Power.

@ 24:40 — UNLOCKING the MAGNETIC POWER of YOUR DESIRES

Are you wanting to create many different things in your life, such as finding your purpose, attracting love, or shifting health and self-care patterns?

Are you confused about where or how to get started?

Chances are, you're focusing on too many areas at once and not getting traction anywhere.

In the seminar, Claire reveals the process you can use to identify **just one area** of your life to focus on that will **activate a “chain reaction”** that will flow through and catalyze all the other potentials of your life to manifest.

@ 36:29 — THE REAL BARRIERS TO CREATING YOUR HEART’S DESIRE and HOW TO BREAK FREE

Discover why moving into action is the **worst first step** in the process of manifesting. In this part of the seminar, Claire will show you how to identify and release your #1 inner barrier to having the love, health, prosperity, success (and more!) you desire.

@ 57:10 — HOW TO ACTIVE YOUR FEMININE NAVIGATION SYSTEM

Chances are you’ve been using the wrong system to create the things you most desire. Discover why goal-setting, visualization and vision boards don’t work! In this part of the seminar, Claire will show you how to activate your “Inner GPS” so that you step into a field of synchronicity, flow and connection to a higher power and succeed.

@ 1:06:26 —DO YOU HAVE A SUPPORT DEFICIT?

Chances are, you feel isolated and alone, even though you have good friends and belong to various groups. During this part of the seminar, you’ll discover what “power partners” are and why they are critical to your success.

@ 1:17:00 — GOING FOR THE GOLD and HOW TO WIN! Why the possibilities you feel for your life in your clearest moments are REAL; however, realizing your destiny is like winning a “gold medal” at the Olympics—it

won't happen unless you become committed and intentional about it!
