[FirstName],

Let me be direct with you.

If you're not closing at LEAST 50% of your sales calls...you're leaving massive money on the table.

A 50% close rate should be your BASELINE.

Anything less and you're either talking to the wrong prospects, using the wrong sales process, or not creating enough urgency.

That's exactly why I created Cardone University.

Here's what you get immediate access to:

- ✓ The 10X Sales System - The exact framework that took me from broke to closing \$5 BILLION in real estate deals
- ✓ Objection Handling Mastery - How to structure your pitch so objections never come up in the first place
- ✓ Urgency Creation Formula - The exact 7 phrases that make prospects feel like they MUST buy NOW
- ✓ Follow-Up Sequences That Close - Word-for-word scripts for days 1, 3, 5, 7, and 14 that convert "no-shows" into buyers
- ✓ High-Ticket Closing Tactics - How to confidently ask for \$10K, \$50K, even \$100K+ without your voice cracking
- ✓ Live Training Calls With Me - Get your actual sales calls reviewed by a guy who's closed BILLIONS. On average, one insight from me could add \$50K to your annual income

This isn't theory. This isn't motivational fluff.

This is the exact same system I used to build a \$5 BILLION real estate empire.

The same system that helped my students close over \$20 BILLION in sales.

Here's what's NOT negotiable:

You can't keep doing the same thing and expect different results. You can't keep losing deals to competitors who are better trained.

You need a PROVEN system. And I'm handing it to you right now.

P.S. Every deal you lose because you don't know how to create urgency costs you money. How many deals are you willing to lose before you invest in training?
