

ANIMATION RULES

1. Your character must have some sort of pride flag on them! It can be anywhere- face paint, bandana, clothes, other accessory.. whatever you want
2. Backgrounds can be anything as long as they aren't plain white! It is required to hide a pride flag somewhere in the background (eg: lesbian sunset, pan flowers, bisexual ocean, etc) It can also just be a straight up pride flag esc pattern if you don't feel like drawing a landscape
3. Obviously no NSFW, gore, or any hateful artwork
4. **YOUR PART HAS TO BE 16:9!** We don't want black bars of doom in the final map!
5. Flags should be strictly LGBTQ+ flags, no other flags can be used, since this is a pride map.
6. Additionally, you may only use **VALID** pride flags. Zoos, pedos, dreamsexuals and whatnot can all *unkindly* fuck off <3
7. Tell me your favorite pride flag as the code!
8. You will have 72 hours (3 days) to complete your part, I will allow up to 2 extensions only if you have shown a WIP. This map has to be finished before June ends so I cannot be too lenient unfortunately
9. A thumbnail contest will be open for anyone to enter, no application or code is required for it! Thumbnail rules are below the animation rules
10. AMV and PMV are both allowed! Anything is okay as long as your part isn't just a single still image
11. You can claim up to 3 parts at a time but make sure you're being realistic with what *you* are able to complete within 72 hours
12. If you're a part of my other map, The Phoenix, you may not claim a part until you finish your part(s) for The Phoenix. Sorry!
13. Backups are always open
14. This map is beginner friendly! Don't be afraid to apply! As long as you can animate then you have a pretty good shot at getting into the map
15. Parts are not first come first serve
16. If you need an audio cut, ask Luster, Fish, or Aspen!

THUMBNAIL RULES

1. Common sense things such as no NSFW, no gore, and no hateful art
2. You may draw any OCs for the thumbnail whether they be your own, other participants, or mine.
3. Please include versions with and without text!
4. No application required, just request access to the map channels and you're all set to enter
5. As per usual, including a pride flag in the background and on each character is required, just like in the animation rules.
6. **ONCE AGAIN THIS MUST BE 16:9** I WOULD REALLY HATE TO CROP OUT SOMEONE'S BEAUTIFUL ARTWORK
7. Humanoids, anthros, and ferals are all allowed for the thumbnail!
