

Course: OCEA 101 (Oceanography 101) – The Oceans MM Catalog Pg.391		Course # 6148
Credits: 2 high school credits, 3 college credits	Commitment: One Semester, paired with MUSI 103	Grade: 11&12
A-G Category:	Estimated Homework Time:	
Level of Difficulty:	Moderate	Difficult Very Difficult
Recommended Prerequisite: Successful completion of Music 103 or Seniors should have at least a “B” in Contemporary Voices or higher. Juniors should have a “B” in Honors American Lit. or higher.		

Course Description:

This course is a study of the major features and processes of the world’s oceans. Topics include the origin and history of ocean basins; atmospheric and ocean circulation; and the dynamics of waves, tides, and coastlines. Students explore the oceans as a resource for people and analyze and evaluate human impacts on marine environments. This course is intended for all students interested in the world’s oceans.

Attendance and citizenship will be considered when determining placement in college classes.

Recommended Skills:

See Miramar college course catalog.
