Prices are based on YYT value, converted to USD. May have different value if it's an English card so we can just discuss it lmao

Rules:

- You are responsible for the safe shipping of the card/s. If it is damaged in transit, it will not be accepted, and we will revert to monetary payment. The card should be sleeved, toploaded, and come with tracking to give us both ease of mind about the card's whereabouts.
- Shipping costs to be covered by you. Depending on the shipping cost, I may let you add it to the total paid for the commission.
- You can get any type/s of commission you want. The ~ are only approximations of what you could get.
- You can pay with more than one card at once; the value will be totalled.
- Doesn't really matter to me what language the card is in.
- Regular commission rules apply: manofbeskar.carrd.co
- The commission begins work once I have received the card/s in good condition.

Thank you!
