

The Nutty Professor Enthusiastic Student Game

1. Read material once and scoop as you read. Think about natural phrasing and punctuation of the text.
2. Re-read using a dramatic voice.
3. Re-read using a dramatic voice and gestures.
4. Re-tell without the text- now you are teaching your elbow partner the text. Can use pictures drawn with post it notes to anchor thinking.
5. Re-tell or act out without text while the partner asks questions. Can use props (i.e pencil or objects on table and body movement or gestures). Partner now becomes the *enthusiastic student* responding to the *nutty professor* as they teach the text to them
6. Possible Extensions based on Standards: Synthesis Squares, Inference Inquisition, Lift a Line, Sentence-Phrase-Word, Topic Talk, etc.
7. Possible Extensions based on Project Based Learning: I- movie, Stop Action Video, etc.
