

Senior Studio Art Honors
Mrs. Caren Stichter
Department of Fine Arts Coordinator

The Objective of this assignment is to prepare you for your application process. Having a plan will give you time and hopefully reduce the stress that could be experienced with the demands of writing essays and filling out applications.

Please complete the following form based on the top 3 schools of interest you are considering for application.

IF YOU KNOW THAT YOU WILL BE CHOOSING A LIBERAL ARTS COLLEGE OVER AN ART SCHOOL THE SAME ASSIGNMENT WILL BE COMPLETED. If a portfolio will not be required for your acceptance you will create the minimum of 10 pieces during the course to prepare for your "Senior Gallery Exhibit "in the Spring.

Research what you need to be accepted to the school.

You may go on line or refer to school catalogs for your information. This paper is due the first day of classes 2023 without **exception** and will be used to help guide you towards constructing a portfolio for admission. If you cannot find any information, don't hesitate to call the institution admissions department. You can request a catalog or ask to speak to someone in the fine arts department or department of your major. Always ask the person for their name and keep a record of this and the information they give you in case you need to contact this person again.
