Contact Name

Kelly or Janice Seely

1. Opportunity Description

Europe in the past decade has seen the nations come to the university campuses by the thousands. We have been researching and looking into campuses that have workers engaging them with the gospel. What we have discovered has led to a vision to engage the over 3,500 plus universities that have no known engagement or gospel presence.

This internship will come alongside our Student Ministry team in Madrid, Spain. You will join our training hub and work directly with some of the unengaged and unreached campuses. Come partner with us by engaging our unreached and unengaged campuses.

2. Role

You will help gather needed data and research the unreached and unengaged campuses across Europe and to plan next steps in reaching these areas with the gospel.

Help train and equip 2 Tim 2:2 local partners in areas of unreached and unengaged campuses across Europe leading to biblically faithful reproducing churches.

Work with the next generation of missionaries in pioneer work and learn the skills and strategies used in reaching university students. .

You will walk alongside our team and National partners in identifying and engaging in next steps to reach NextGen students in Europe and beyond.

3. Location

Madrid, Spain

4. People Group Focus

Join our team in developing and implementing a strategy on taking the gospel to university students in Madrid and across Europe.

5. Dates Flexible

Yes

Duration

2 Months to 1 year

Preferred Start date

Any

Preferred End Date

Any

6. Estimated Cost (estimated for housing, food, local transportation, personal expenses and activities, as well as a mobile phone plan/internet).

800 to 1,200 Euro per month

7. Living and Transportation

You will likely live in a furnished short term rental apartment or AirBnB in the city of Madrid. Madrid has a great public transport network that you will use.

8. Language Skills

Experience with the Spanish language will be helpful for this internship, but is not a requirement.

9. Other considerations

Students (18-29) would be preferred.
