JERSEY NUMBERS

The link to the age groups jersey numbers are below. They are only a guide. Confirm your child's jersey number, with your coach or the equipment director, before ordering. The club can not be held responsible if a uniform is ordered without confirming the jersey number.

Here is spreadsheet guide of number already taken to help in selecting 5 jersey number options

[2020-2008](#) click here

These jersey number docs are updated periodically and may not be 100% accurate when you are viewing .

use this [jersey request google form](#) to request 5 favorite numbers, after referring to the above birth year jersey number doc.

We try to avoid duplicating numbers and often allow players to play up in games. When referring to the "Taken Jersey Numbers" spreadsheet please do not select numbers taken for the birth year above and below your child. Jersey numbers must be unique in each game, as required by the referee and many game tracing cameras.

Please confirm with info@soccerandfutsal.com before ordering a uniform with a number.

AFTER ORDERING

Once you order please use the uniform order status form [click here](#) to let us know.

And once you receive both jerseys, please return to this same uniform order status form to let us know. This way we are prepared for game day.

TRAINING GEAR

Reversible training pinnies and futsal (summer/winter) jerseys can be purchased at time of registration for the team or via the [Gear Order site](#) click here.

Unlike Game Uniform kits the Gear orders are shipped to the office and delivered to the team coach to be disseminated at the field. You will receive an email from the coach when they are available for pickup, after training sessions from your coach.

For winter and summer futsal a futsal ball is highly recommended.
