

Goals and action planning

Themes

- Multidisciplinarity on multiple timescales is a unique contribution from Q-MARE
- Capitalizing on what Q-MARE is already doing - walking before we run

Goals for Q-MARE's education programme

Start with the same core (research seminars, or something else) and modify for different audiences (high school teachers and undergraduates, policy makers)

Working groups

Small group will work to develop guidelines and plans for moving forward: Bryony, Konstantina

- Jessica will write up summary and ask people to volunteer by a certain deadline

Developing short videos and/or visualizations about your research with some core questions

- Develop guidelines for 5-minute videos and the kinds of questions that could be addressed
- Include personal connections

Creating a Shiny app to link research and people to a map
