

# Edit Window

Everything must have

- correct spelling
- correct capitalization
- correct punctuation
- correct number of spaces

If you entered your program correctly, it should produce this EXACT output.

```
Hello World!  
Hello World!  
Hello World!  
3  
3.0  
5  
5  
5.0  
23  
2 + 3= 5  
8  
2.33333333333333335  
2  
33  
162  
387420489  
x = 27  
y = 6 <class 'int'>
```
