

ALL FACIALS ARE CUSTOMIZED TO OUR CLIENTS NEEDS, SIGNATURE FACIAL COVERS ALL SKIN TYPES

Eminence is an all natural brand that uses concentrated plant formula all sourced from their farms in Hungary. Even their seed oils are sourced from their farms only.

Full facials start with a steamer. We then double cleanse the skin, and exfoliate. Skin analysis is next, we can discuss any skin care or questions/ goals they may have followed by extractions if necessary (We use a gentle technique for extractions). Our final steps include any specialty or add ons they may need to address their concerns.

We custom mix our mask ingredients for your mask. We do an arm or neck massage while the mask sits on the skin. Finally we finish with all necessary serums, oils, moisturizers, and sunscreens

** Facial massage only by request**
