

January 4th - January 8th

Dear fourth-grade families,

Welcome to the 4th-grade hub where you will find the activities for your child to do on the days when they are not in school. Below you will find a chart with this week's activities and assignments. Please use this chart as a guide when helping your student. As a general rule of thumb, the shared activities/optional assignments will take students approximately 60 minutes to complete.

All assignments are required and will be graded. Students are expected to complete all online assignments and return completed paper assignments to school the following day. Students will receive class dojo points for completing their work. Each subject area should take students about 20 minutes to complete correctly and thoroughly.

You can reach me during the day by email with any questions or if you need support, and I will get back to you as soon as possible, as I will be teaching.
