VIII. Monthly Presentation and Discussion ([BOY data](#))

- Mr. Borgerding asked about student assessments and if some of the students don't take it as seriously because of the difficulty. Dr. Creamer noted that there are many reasons why students don't perform, such as summer slide, how the assessment is given and that some students click through (we are working on it!)
- Ms. Fitzpatrick asked about the disparity between reading and math proficiency, as math is much lower. Dr. Creamer and Ms. Boykin discussed how Eureka goes slower but digs deeper, especially where there is summer slide. Ms. Reed shared that there is a math application and reading component that students are getting used to.
- Ms. Fitzpatrick asked about noticings around covid and if it may have had more effects on certain grade levels. The team shared various noticings with particular
