

Create Your Own Joy Luck Club

In the novel, there are two Joy Luck Clubs, one in the past (in Kweilin), one in the present (in San Francisco). Suyuan began the club as a way to “choose” happiness in the face of misery and possible death. She continued the club in the U.S., where their struggles are different but still concern them.

If you could make your own Joy Luck Club, what would it be like?

- Make a **digital poster** that uses images to show what your Joy Luck Club would be like. Be prepared to explain it to the class.
- Write a short (100-300 words) **explanation** to go with it.

Include **all** of the following:

1. Who would you invite and why? (Please do not include names on your poster or in your presentation.)
2. Where would it take place?
3. What activities would you do?
4. What kinds of difficulties in life might you be sheltering yourself from?
5. Anything else you'd like to add.
