Coach updates

- Meet 12,039 - missing Executive and JCC check
- Age Groups: Relays are going, 2 individual qualified in 10 and under and taking 4 kids for relays, 3 for 11-14 and taking 5 extra kids for relays and 15-18 2 qualifiers and taking 2-4 for relays - losing money on relays because of kids times being part of the relay and then not being the one swimming it, and then some families leaving and not being part of the relay - might be time to add it to the handbook to have some language about relays and being charged

- Talked about doing a non-championship meet, but there were no coaches available
- Only really 2 kids phased out this year
- Seemed to work well splitting the 11-12 group for the meet, nice having it February but have to see what the championship meets look like next year

Equipment

- Storage update, old equipment: set up people were amazing and followed the directions perfectly, Dan took everything and is seeing what is working and what is not working then took the broken stuff home to make sure that it is trash to donate etc... all of the stuff that works is in the rolling bin. Need to look and see which printers we plan on keeping, maybe having a wireless one that prints for Kate in Marilyn's office for the humidity, the console printer is the only printer that works with the console
- Marilyn spoke to Steve about his storage unit, it is a pod that stays at RACO from April - September and then takes it away after September. He has the household version with vents. The back closet needs to be reorganized and we could fit our stuff. Currently the stuff is being stored in a closet here at the WOC. Once states are over we need to head over to the unit, clean it out and stop renting out the unit.

Gear

- none
