

Terry was born and raised in California; Amy was born in Taiwan, and her family moved to Chicago when she was in grade school. We met at CBCM after both having moved to the Washington DC Metro area for jobs. We have two daughters who are now in college. We have both personally accepted Jesus as Lord and Savior. I accepted when I was in grade school and Amy when she was in middle school.

We individually and together participated and served in various groups and ministries at Chinese Bible Church of Maryland, including music ministries, missions department, Stephen's Ministries, college group, teen Sunday school, etc.

We have just transitioned to the "Empty Nester" phase of our marriage. Previously, we have walked together through various other issues and events, including stress in early marriage, caring for sick parents and mourning their deaths, loss of employment, stay at home fathering, returning to graduate school as an older student, moving out of the country and moving back, to name a few.

We would love to get to know you and walk beside you on your journey.
