- **Homeless Student & Insurance**
 - *We have a homeless student who left Ravenna and is residing at Lake Local with an Aunt. The question regarding Insurance for this student was brought up during enrollment. I know that we, Lake Local, must provide medical services for the student. We have done this in the past with*

other students {ear infection, Tooth issues, etc}. Are we required to provide health insurance for this student as well? I was not able to find guidance on this other than for the attached documentation.

- **Response..**

- Homeless youth may apply for Medicaid either online or in person at their local County Department of Job and Family Services (CDJFS) office. The individual will need to provide personal information including his or her citizenship status, Social Security number, and income received. Additionally, the individual will need to provide information regarding taxes and if he or she expects to be claimed as a dependent for tax filing purposes. The individual may need to provide parental or caretaker information. Furthermore, it might be in the best interest of the individual to assign an authorized representative to act on his or her behalf and receive copies of all notices.
- Below are links for the online self-service portal where the individual may apply and the local county agency directory with addresses for each office:

- Inviting non-pubs to the meeting- - There is a Cincinnati public group that works with the non-pubs on a regular basis and they are having great results. Do we need to contact?
 - Yes, No?
 - When? How often?
 - How do we start?
 - Contact at the diocese?
 - The nonpubs set up their PD dates for their admin early. Maybe we should start thinking about next year's dates for Title I meetings and can include these in our consultation meetings coming up in the spring?
 - Topics of interest to share/discuss?
 - Combined meeting where we walk through the NPDS system prior to our consultations. So many of the nonpub directors have no idea how to navigate the system when we meet. It would help all of us to work through that awful system together so they can get started on their end without having the pub directors nag them to start the system.
 - What is the collective group's input on "pooling" funds as a new option for us to work with non-pubs?
 - Do others verify through their Food Service the income?
