Hello Parents!

We want to extend a **huge thank-you to our amazing PTSO and Student Council** for their hard work in organizing this year's **Annual Teacher Appreciation Luncheon**! The event was a fantastic success, and our staff felt truly celebrated. The food was absolutely wonderful, and it was a perfect reminder of how special our school community is.

A special shout-out goes to all the **volunteers** who contributed their time, talents, and donations to make the luncheon memorable. Your generosity and support are truly appreciated! We are a lucky staff to have such a loving community of support here at NAI.

Thank you for helping us show how grateful we are for our incredible staff!

Coming up, we have our Annual Gold Event on Friday at NAI. GOLD is an empowering leadership program designed for **rising 8th-grade girls** to help them build confidence, develop leadership skills, and ease the transition into high school. This inspiring group is **led by our own North Allegheny upperclassmen**, who serve as mentors and role models, sharing their experiences and guiding participants through discussions, activities, and team-building exercises.

Through GOLD, students will:
✅ Build leadership and communication skills
✅ Foster friendships and connections with peers and mentors
✅ Develop a positive mindset for success in high school and beyond

GOLD is more than just a program—it's a community of strong, supportive young women helping each other shine!
