

Good Places to Hang Flyers in Tompkins County

List created before 2020. Italicized locations have not been confirmed.

~~Stricken~~ locations no longer offer community posting space, as per July 2023 Doc updates.

reminder that “blind posting” and/or affixing signs to public fixtures (Ex: telephone poles) is dangerous as well as an invitation for bad sentiment from community members

(Ask people at these spaces for their posting rules and preferences, and mind their COVID/AQI masking protocols as a gesture of good faith and solidarity, especially for small businesses/spaces)
