

After signing into the Parent Portal you will see a Navigation bar on the left-side of your screen. The icons available depend on your student's school. To the left are two different examples.

This Navigation bar controls the screens that display to the right of the bar. The data displayed on these screens is determined by the student that is highlighted in the blue menu bar at the top. If you only have one student, then you will only see the one student. If you have multiple students you see a bar similar to the above, the highlighted student is the one for whom the data is displayed. In this case, Sophia.

Clicking on the icons/links on the left changes the pages that display on the right. Please Note: Not all icons/links will display for all students. It depends on grade level and school as to which icons are available to you for your student(s).

This screen shows the classes the highlighted student is enrolled in for the current year. There are two tabs available. Grades and Attendance and Standards Grades.

As with the Grades and Attendance screen, the type of historical information displayed is dependent upon the grades(s) your student has been enrolled in for our district. Students enrolled in the district for grades 6 thru 12 will see historical grades on the Grade History tab. Students enrolled in the district for grades K thru 5 will need to click on the Standards Grades tab in order to see Standards history.

This is a screenshot of Grade History for a student enrolled in grades 6 thru 12. Clicking the year tab allows you to see historical grades for that year.
