

BASIC REGISTRATION STEPS

1. Search for open sections of the classes listed on your first semester plan here: [Schedule of Classes](#)

- Write down the CRN numbers for the sections you want to register for.
- Pay attention to course start & end dates!
- If Starfish says one of your classes is closed, you can search *the Schedule of Classes for an open or waitlisted section. You do not have to update Starfish with your new CRN.*

2. Login to my.sbccc.edu. On the "Class Registration and Schedule" menu, click on "Registration", then "Register, Add or Drop Classes".

- Click through the info screens and major/educational goal update screens (this only happens the first time you register each semester). Eventually you will reach the registration page.

3. On the registration screen, scroll down and look for a row of empty boxes.

- Type the CRNs into the boxes. Click "Submit changes".
- If the class is waitlisted, you will be given the option to add your name to the waitlist. [Waitlist Instructions & Info](#). Use the **Action** menu and select "Waitlisted", then click "Submit changes" again.

4. You will see "Web Registration" next to each class that you are successfully registered for. Example:

CRN	Course	Course Title	Credits	Level	Status
80049	COMM 121	Interpersonal Communication	3.000	Credit	**Web Registration**

5. Navigate to your "Class Schedule & Bill" and print or save a PDF copy.

- Look for the start and end dates for each class, meeting times, and locations.
- Check out the "Drop w/ Refund Deadline" date for each class; these may vary.
This is the deadline to drop a class for a refund.
- Check your course modalities (fully in-person, online, or hybrid).

Students need to pay within 7-days of registration.

If you need help with the registration process, you can meet with an International Student Advisor on Zoom!
