

# Wh- Question Practice

Use the materials below to practice answering wh- questions (who, what, when, where, why, and sometimes how) with your student. Give your student access to the visual to remind them what each question is asking for when practicing. This resource can be printed and cut out or used whole on the computer as a visual aid. Below the visual aid are some sample wh- questions as a reference.

## Wh- Questions

### Sample Wh- Questions

Who?	Who teaches kids at school?
What?	What do you use to eat cereal?
When?	When do you brush your teeth?
Where?	Where do you keep your clothes?
Why?	Why do we keep ice cream in the freezer?
How?	How do you stay clean?
