WEATHER

<https://www.wunderground.com/forecast/us/wa/index>

It is going to be hot, pack accordingly. We will get early starts, climb in the shade, and optionally take a dip in the river in the middle or end of the day to cool off.

INDIVIDUAL GEAR

Pack for an overnight climbing trip including tent camping gear, personal climbing stuff including multi-pitch and rappelling gear, and good sun protection plus optional swimming stuff since the campspot is right by the river and it'll be hot.

Climbing Gear

- Climbing shoes
- Harness that fits over the clothing you climb in
- Chalk/chalk bag
- Helmet
- Belay device (ATC guide style) + GriGri
- PAS/locker
- Prusik cord/locker
- 1-2 extra lockers, 1-2 extra non-lockers
