

Transition to Adulthood Virtual Sessions

CMS Programs for Exceptional Children is excited to provide families an opportunity to hear from representatives of various community partners to assist in planning for adulthood. Although we will not be hosting our traditional in-person Transition Fair this year, we know the information gained from this virtual event and the Transition Resource Guide will provide families with next steps on gaining supports and resources needed for a successful post secondary transition. Please register for any session you would like to attend. We will also post the recording and presentation for each session on our [WEBSITE](#).

Questions? Contact Tracy Hales, Transition Coordinator (tracy.hales@cms.k12.nc.us).
