

CAFÉ LIGHT PROJECT – [X] STREET – [EVEN/ODD] SIDE, [DIRECTION] END

I _____ agree to participate in a String Light (Café Light) installation project on the [DIRECTION] end of the [EVEN/ODD] side of [STREET], Baltimore MD 21224. Due to the limited availability of curb-line anchor points (trees, poles, etc.) this installation will not extend beyond the area between [BOUNDARIES]. I understand that these strings of lights will extend in a zig-zag manner from one or more anchor points on each participant's house and an elevated curb-line guywire, and that they will be limited to the area over the sidewalk. They will be controlled by a timer and will be illuminated between dusk and dawn, year-round. They will incorporate exterior grade LED lamps and components, with efficiency being a primary goal. I acknowledge that this agreement is limited to my approval of the installation and any additional items I have agreed to below. I also acknowledge that I am the homeowner or that I have sought and received the permission of the property owner. Details to be determined include:

- **Anchoring details** – All participants will have the opportunity to review anchoring plans, prior to installation of anchor hooks or other hardware on the façade of their home. In most cases, Stainless Steel eyehooks will be threaded into holes drilled into the mortar between the bricks.
- **Funding** – This group may seek and be granted outside funding. All participants will be required to cover the balance of the expenses, proportionally. The total cost has yet to be determined.
- **Power source** – We will need one or more power sources for this installation. *
- **Installation labor** – Participants can pool our labor for the installation, hire someone to do perform some of the labor or a combination of the two. The more labor we self-perform, the less money we will have to spend.

[] I agree to participate in this String Light project, as noted above, and to allow one or more anchors to be secured to my house.

[] I am the homeowner - **OR**

[] I have received permission from the property owner to participate in this project.

[] I am willing to fund a share of the expenses related to this project.

[] I am willing to provide a power source for this project. *

[] I am willing to provide labor and to help with the installation of this project.
