

Hi everyone! The **2025 APUSH Summer** course has been posted in Schoology. Please use the following access code to join the course: **CMHG-TPJB-DCM7P**. All assignments will be submitted and graded through Schoology.

There are two folders currently on our Schoology page; one folder is titled "Summer Assignments" and contains all of your summer assignments organized by due date, the second folder is titled "APUSH Materials." Please familiarize yourself with the resources in this folder prior to beginning your summer work as it contains the course syllabus and a list of important terms that will help you when completing your assignments.

The summer assignments are listed below and are due every **Friday by 11:59 pm**. These assignments will be worth **210 total points** (10 points per reflection paper, 20 per chapter assignment, 10 points per Edpuzzle). You will use the PDF of the textbook that is posted on Schoology (APUSH Materials Folder). **There will be an exam during the first full week of school on Chapters 1-6.**

You are welcome to work ahead, but please do not get behind. Late work will be accepted, but there will be a **5-point deduction for each day late**. Therefore, reflection papers cannot be more than one day late and chapter work cannot be submitted more than 3 days late in order to receive credit. If you are having a problem completing an assignment, have questions or are dealing with any extenuating circumstances, you **MUST** communicate with me prior to the due date.

There is A LOT of material to cover and you will be responsible for a considerable amount of independent work, both during the summer and the school year. All assignments must be completed independently; all essays, FRQs, DBQs, and short answer questions will be read thoroughly. Reflection papers involve personal thoughts, ideas and beliefs. There are no right or wrong answers. Therefore, no two reflection papers should be the same. **Please READ the assigned chapters and please do not copy definitions from the glossary. Use of AI will not be tolerated and will result in a zero for the assignment.**

Please feel free to email me with any questions or concerns. Have a great summer!

Summer Assignments and Due Dates

- **6/27:** Reflection Paper 1
- **7/4:** Chapter 1
- **7/11:** Chapter 2
- **7/18:** Reflection 2, Edpuzzle 1
