

The user known as “BrexitGlory” has been banned from MNZP for a week due to hate speech directed at a racial minority in the Discord. This is a tier 2 offense and the correct response is a week long ban, for a first offense. See below for evidence (CW: Racism)

To appeal this ban, please message the Governor General directly.

Evidence:

This is a very clear and deliberate use of a racial hate slogan, directed at a non-white member of the simulation.

As this link shows, the phrase “It’s okay to be white” is a hate slogan perpetrated by members of the alt-right on the 4chan website.
