## Oak Grove School District 68 2021-2022 School Year COVID-19 SCREENING Testing Program

## PARENT INFORMATION SHEET VITA PERSONA PCR Testing

OGS will be implementing a COVID-19 PCR screening testing program beginning this fall, 2021. This testing program for students and staff is <u>voluntary</u> at this time and may be subject to change as health guidelines are updated from school, local, and state health departments. Participation in testing requires parental consent.

The COVID-19 PCR screening testing option is primarily targeted to <u>unvaccinated</u> staff and students. An outside agency, Vita Persona, will screen students weekly (once/week) as another mitigation strategy to reduce the spread of COVID-19 within the school and broader community. A hired nurse from Vita Pesona will administer the lower nasal swab test onsite at OGS. The company is responsible for transporting tests to their labs and documenting and notifying the school of any positive cases. This test is **free of cost** to families and OGS.

An OGS school nurse will be contacted within 48 hours of the administration if any tests indicate a "positive" result. When a positive case(s) is identified, the school nurse will contact the parent(s) and the Lake County Health Department immediately and initiate contact tracing to identify close contacts.

## **BENEFITS** of opting into weekly screening:

- 1. It is proven that administering weekly/bi-weekly tests can help prevent the spread of COVID-19, by identifying positive cases and close contacts quickly.
- 2. Screening testing offers "peace of mind" for those who have concerns of being an asymptomatic carrier of the COVID-19 virus.
- 3. Screening testing is **strongly encouraged** for students participating in activities that place them at higher risk for contracting COVID-19 (i.e., band, chorus, athletics, etc.).
- 4. Parents of students who are participating in extracurricular activities outside of OGS -which require a weekly negative result for participation -- may obtain results from the OGS screening testing program to use for these purposes.

NOTE: OGS is currently considering a testing requirement for students participating in OGS athletics this fall. Any future updates will be shared with families.

By signing the consent form attached, you are opting your child **IN** to the OGS weekly screening program and allowing an outside agency to manage your child's weekly tests.

Parents can opt their child IN or OUT of screening testing by contacting the Oak Grove School nurses.

Please return the consent form for your child(ren) to Nurse Callie Johnson at <a href="mailto:johnson@ogschool.org">johnson@ogschool.org</a> or Nurse Jen Liu at <a href="mailto:liu@ogschool.org">liu@ogschool.org</a> no later than Friday August 20th to begin participating in the program on Tuesday, August 31, 2021.
