

 SAINT KENTIGERN COLLEGE		Level 1 Bivariate Marking Grid 2022		AS: 91036 v3 Credits: 3	N A A+	
Name					M	
					M+	
Marker				Check Marker	E	
					E+	

	Achieved		Merit		Excellence	
Plan	Variable 1 described, with units					
	Variable 2 described, with units					
	Plan states how to measure both variables					
	One source of variation identified and managed		Two sources of variation identified and managed		Reflection on the effect on analysis if variation had been ignored.	
Data	Data provided					
	Scatter plot					
Analysis / Conclusion	One feature stated correctly in context . ☐ Trend ☐ Direction, ☐ Strength.		Both features justified correctly in context . ☐ Trend, ☐ Direction, ☐ Strength.		One Reflection in context: ☐ Reflection on the process, ☐ Other factors or explanations.	

A	All required	M	All required	E	All required
A+	All achieved and one merit category.	M+	All merit and one excellence category.	E+	All Excellence and both reflections
