

# Spring 2023 SLC Math 54 Services at a Glance

## Drop-In

- Math 54 Drop-In Hours
  - M-Th 12-6pm at least one tutor available in [Cesar Chavez Atrium](#)
  - MW 1-3pm at least two Tutors available in [Cesar Chavez Atrium](#)
  - [Math 54 Daily Schedule](#)
- Math 54 Drop-In Tutors
  - Caleb Alumeri
  - Lukas Krauss
  - Ramsey Sheibani
  - Varun Kandula

## [Topic Reviews](#)

- Week 6 (02/20): Span
  - Tues. 02/21 (6-7pm) Session 1: Interpreting and visualizing results from computation
- Week 7 (02/27): Linear Transformations [RSVP FORM](#)
  - Thurs. 03/02, 6-7pm: Making sense of mathematical notation and syntax
  - Sun. 03/05, 2-3pm: Applying a familiar notion/concept (maps) in a new way
- Week 8 (03/06): Invertible Matrix Theorem
  - Session 1: Synthesizing different ideas from previous weeks of the course
  - Session 2: Relating conceptual understanding with computation and algorithms
- Week 9 (03/13): Determinants
  - Session 1: Relating conceptual understanding with computation and algorithms
  - Session 2: Applications and use of determinants in understanding past concepts and properties

## Exam Reviews

- Prof. Lott
  - Midterm: Tues. 03/21
    - SLC Midterm Review: Week of 03/113
  - Final Exam: Wed. 05/10 11:30am-2:30pm
    - SLC Final Exam Review: RRR Week
- Prof. Sheu
  - Midterm 1: Friday 03/10
    - SLC Midterm Review: Monday 03/05 from 4:30-6pm on Zoom. [RSVP Form](#)
  - Midterm 2: Wed. 04/12
    - SLC Midterm Review: Week of 04/03
  - Final Exam: Wed. 05/10 3-6pm
    - SLC Final Exam Review: RRR Week
