## GENERAL TOOLS & RESOURCES

### Provenance

[Provenance](#) [aff] helps couples, officiants, and guests write the perfect wedding scripts, vows, and toasts!

The logo for Confetti, featuring the word "Confetti" in a black, elegant, cursive script font, centered on a light yellow rectangular background.

[Confetti](#) [aff] is a fun, innovative way to connect with your guests and make your wedding an interactive event from start to finish. Use promo code WEDSBYKRISTY for \$50 off!

The logo for Joy, featuring the word "Joy" in a large, bold, purple, cursive script font.

[WithJoy.com](#) is my top wedding website & virtual RSVP recommendation.

*\*Reminder: We have a wedding website add-on where we create and manage your website for you!*

[Motion Books](#) [aff] are video books that allow you to have a physical keepsake of your wedding video.

## NEWLY NAMED

[Newly Named](#) simplifies the process for those choosing to legally change their name.

[Hotel Gurus](#) [aff] assigns you a personal travel agent to compile free custom hotel block proposals.

[Offbeat Wed](#) offers lots of inspiration for personalizing your wedding.

[Hello Prenup](#) [aff] is an online platform to create and sign prenups, no attorney visit required.

## FLOWERS

[Poppy](#) [aff] Poppy matches you with a design consultant and contracts with local florists. Best for those looking to spend between \$1,500 and \$4,000 on florals. Order minimum is \$1,500.

[FiftyFlowers](#) [aff] is a wonderful option for those choosing to DIY their florals (though we recommend keeping the DIY to a minimum to reduce stress).

[Something Borrowed Blooms](#) [aff] - Silk flowers you can rent. I've seen them in person and they actually do look amazing.

## STATIONERY

ZOLA 

Personally, Minted\* is always my top recommendation for save the dates and wedding invitations because I love their quality and design options. I highly recommend at least ordering their [free sample kit](#).

Also, I have a Minted discount code exclusive to my clients for 35% off save the dates and 25% off all wedding, party & celebration stationery.

## STATIONERY TIPS

I recommend using [Postable](#) to collect guest addresses! They make it super easy, and once you have them all, you can export from Postable and then import into your stationery website of choice, such as [Minted](#) [aff] so they can print addresses on your envelopes. There's an extra charge for return address printing, but I recommend it.

Once they arrive, you'll need to stuff, seal, and stamp the envelopes (I recommended roping in a friend or 2 and doing an assembly line). You can go to the post office to buy stamps or you can [order them online](#). You should only need basic "forever" stamps which are 66 cents each and come in lots of different designs.

\*Remember: For save the dates, invites, and stamps, it is one per *household*, not one per guest (plus a few extra for you and your photographer).

Also, I highly recommend buying [envelope moisteners](#) [aff]. They're so worth it. Otherwise, get ready to lick a lot of envelopes!

## BRA INSERTS

**BOOMBA**

CAKES  
body

Boomba and Cakes Body are great options to use instead of a traditional bra for your wedding dress. I used Boomba inserts for my own wedding to give some extra padding without wearing a bra and they were fantastic. Cakes Body is similar to Boomba, but they're grippy, not sticky, and not padded.

## WEDDING INSURANCE

Travelers, Wedsure, and USAA (military only) are my top recommendations for wedding insurance. Travelers is a great all-inclusive option while Wedsure is more customizable. You may also be able to get it through your Homeowners or Renters Insurance.

## RINGS

### BRILLIANT EARTH<sup>®</sup>

*[aff]* Both my engagement ring and wedding ring are moissanite from Brilliant Earth and I LOVE them. They have local showrooms so you can see and try on styles in person.

## KRISTY'S FAVORITES

### THE ADVENTURE CHALLENGE

*[aff]* The Adventure Challenge has great products for couples needing a little "adventure" in their lives! The Adventure Challenge gives ideas for date nights, travels, intimacy, and more.

*[aff]* Chase Sapphire Preferred Credit Card is my favorite card for travel points. My husband and I put everything on this card for our wedding, and we used the points to help pay for our honeymoon! Even now, it's our preferred card for all of our daily expenses. Use my [referral link](#) for 60,000 bonus points.

## laurel denise

*[aff]* Laurel Denise has fantastic planners that I'm obsessed with. I would literally be a mess without mine!

*[aff]* Rent the Runway is my favorite way to keep my wardrobe fresh without breaking the bank.

*[aff]* Because everyone deserves good wine delivered to their doorstep. [Get an extra \\$20 off your first membership box](#) and \$20 in points once you sign up!
