### Description & Loadout

#### Physical Description

Yugat is a towering, domineering figure. He stands at over seven feet tall, and is incredibly well built. Muscles adorn his entire body from years of intense physical training. His violet flesh is marred with cuts and scars from years of intense battles. His pitch black hair is tied into a neat ponytail that extends to the bottom of his neck. His eyes shimmer a crimson-yellow, a product of Dark Side corruption. He has a pitch black beard that is neatly trimmed and maintained.

### General Aspects

#### Attack Dog

Yugat feels strongly about his sense of loyalty, more importantly, his sense of loyalty to Pirate Queen Aspirant, Fennyl. She saved his life, and gave him a new sense of purpose after being left for dead. Now he follows her like a loyal dog obeying her orders as a way to repay her generosity.

As long as he gets to kill, he wouldn't have it any other way.

#### Healthy Of Body, Healthy Of Mind

If there is one thing Yugat respects above all else, its one's dedication to their own body. Yugat beives in tbe old mantra "Healthy of body, healthy of mind." He silently respects those who have treated their bodies like temples, and thinks little of weak, fragile looking individuals, whether they have tbe Force or not.

### Personality Aspects

#### Silent, But Deadly

Yugat is not one for idle conversations. He prefers to get straight to the point or not speak at all. If needed, he's a master of *Intimidation*, and is not afraid to use his domineering physique to get quick answers or end asinine conversations quickly.

#### Uncaring, Unfeeling

Unless your name is Fennyl, Yugat couldn't give less of a damn about anyone else. Sure, he can gain respect for some, but that doesn't mean he won't hesitate to snap their necks if it was what he wanted to do. In his core, he's violent, ruthless, and uncaring.

Combat Aspects	
<b>Tank</b>  Yugat's physical presence isn't just for show, it's a weapon in and of itself. Yugat is an expert at shrugging off blows that would normally mortally injure normal men. His <b>Iron Skin</b> steadies him against stronger blows, and his <b>Surge</b> allows him to keep fighting against most enemies. His Liberal use of the Force to amplify his power and speed makes him a threatening foe.  However, the use of the Force can leave Yugat drained and fatigued after long battles, and should he be <i>Suppresed</i> , his offence options become more limited.	<b>Krayt Dragon</b>  Yugat is adept in Form V, Djem So. He uses the form's power to overwhelm and dominate his opponents through superior might, strength, and aggression. Yugat is not the type to stop until his opponent's are battered, beaten, and broken.  Yugat, unfortunately, for all his strength, lacks mobility, as is the weakness of Form V. More agile and nimble opponents can hols a significant advantage over him as a result.
