Mating time in the Digital World

—----------p2

The setting sun lay down onto the Digital World. Another day was finished. The warmth of the last few rays let all Digimon tell, that it´s time to get back to their sleeping places. A few minutes later, the sun was gone and total darkness has spread itself over the land. The moon was clear to see and threw long shadows over the plain. To be outside at night would be suicide for sure, because at night, the bigger Digimon are on their searching for prey. The circumstance of life. To eat and to be eaten. It´s cruel, but normal in the Digital world. But a season has broken, that going outside was necessary. It was mating time and a lot of Digimon were wandering around outside and hope to find a partner, to live in peace and rear some children with. Some of them found each other very fast in this 3 week long mating time. Others don´t have that much luck and ending up as Digimon Food.

A male Gabumon, who was old enough for mating the first time, was sitting in his sleeping place by a fire and cleaning his fur. Till now he was lucky in circumstances. He was not eaten till now, but he didn´t find a partner for him as well. Every time he saw a partner, he found attractive, something came between, that it wouldn´t work. But this evening, he swore to himself, he will be successful. He put on his fur, stared into the fire, strong minded, and left his cave. Carefully he scanned the area around his momentary home, not to be attacked right at the beginning. He went outside, more and more, until he was finally fully lightened by the moon. He stepped away from his home, to the forest, where all other mating partners normally wait. Up to the forest he saw a rather good looking Palmon. "H... Hey! Hey you!" he shouted to her. Palmon saw him and ran away, terrified. "Hey, stop! Please!" But it was too late. He was standing in the forest alone again. "Am I really too ugly, or stupid or whatever? Damn!" he shouted and kicked against a tree as hard as he could. A Biyomon fell of the tree, in front of him. "Ow, can´t you look, where you kick? That really hurts" she screamed. "I... I´m sorry, it wasn't personal. I was just.. Frustrated, that I can't get a partner so I kicked against this tree." Gabumon was surprised. It was the first time, he talked with a female Digimon. Maybe he could persuade her to stay with him. "I... err..." he started abashed. "Do you maybe want to..." *CRUNCH*

A big Dinorexmon was coming up behind and bit off the head of the Biyomon. Gabumon watched the dead body without a head, slipping to earth, with terror in his eyes. He heard a smooth crunching, as the head was bitten into pieces and a relaxing "murr" from the successful hunter. Gabumon turned around and ran away. He just ran, not to end up as food too. He raced downwards the hill, to the river, where he sits on a big rock, panting heavily, under some rocky slopes, where nobody can see him. Finally, as he was safe, he laid his head into his hands and cried. Even if it was normal to see such things, he didn't like it. And maybe his last chance, to get a beautiful wife, was now eaten by an enormous Digimon. Should he really stay alone forever?

"What's up, huh?" Gabumon startled as he heard a voice behind him. He didn't dare to turn around, to see who it was. He was too scared. An Agumon stepped to him to the side and sit down next to him. "Beautiful night isn't it?" he said. "Why aren't you at your home with your wife? It can get very dangerous outside at night." Gabumon bursted out, in tears again. Agumon first just looked at him, astonished, but after a while, get over to him and hugged him. "Don't worry, everything will be all right." He patted him a few times softly. "Just tell me, what's the matter, and maybe I can help you." He said. Gabumon sobbed a few times and started to tell his story: "I don't really know why, but it seems impossibly to me, to get a partner, I can live with. And maybe my last chance just got eaten by a Dinorexmon. I'm so lonely, I don't know what to do." Agumon looked at him worried and patted him again. After a few seconds of silence Gabumon got curious "What's with you?" he asked. "Why aren't you hiding with your mate? You look quite good and I think you will get a lot of requests about mating." Agumon stopped to hug Gabumon and looked to the ground gloomily. "I was out casted by my family.." he began to tell sadly. "I`m alone and will be alone for ever. I will never have a mate. That's the reason, I'm not scared from death and going my own path.." Gabumon didn't say anything. But he was impressed. There were really some other Digimon, which have nearly the same problem as he has. "I.. have to go. It got really late and I'm tired, so I will go home now. If you want, you can come with me, It's just a few meters further. And It's not bad, to have company from time to time." Agumon said. Gabumon thought about the offer a few seconds and finally agreed. Nobody will wait for him anyway.

After some time, they reached a cave. "Welcome, to my Home! It's not beautiful, I know, but it serves its purpose." Agumon said grinning. He ignited a fire and sat down, in front of it, with Gabumon. They didn`t say anything until Gabumon took the word. "Please tell me, why you got out casted from your family. I know, it's none of my business, but I want to know it, please." "..Ok, I'll tell you, but please, don't be afraid." Agumon said. After a while, when silence has taken his place in the cave, he began to tell the story: "It was one year ago. I was on my way, searching for a mate. I had no luck. With any of them. Either they just ran away, said no, or got eaten. It was horrible. Then, as I just wanted to give up, I heard some silent moans. I looked for it and behind some bushes I saw a male Veemon and a male Guilmon, humping together. Their bodies were already covered in salivary and precum and their hot moans filled my ears with lust. I didn't know why, but my cock began to rise and I had this feeling of pure lust. So I started to wank myself off and watched the two Digimon, fucking each other. Unfortunately, a member of my family, watched the whole scene, and betrayed me by our mother. That was the day of my out casting. And that was the day, I found out.. That I was gay.."

He looked away, not to see Gabumon's upsetted face. But Gabumon hugged him tightly and said gently: "Don't worry. It comes the day, where you'll find a mate. Doesn't matter if male or female. I'm just glad to see, that some Digimon can still say the truth." Agumon lost a few teardrops and said: "I like you, Gabumon. You are the first, who understands me. Thank you." Gabumon blushed and replied: "Um.. Thank you.. I like you too. You are so uncomplicated and free." Agumon blushed too and awkward silence filled the dark cave. Gabumon thought about the story and represented the sex scenario he just heard. He didn't know why but anyhow he got turned on at these thoughts, when two male Digimon have Sex with each other. His dick started to grow slowly. He didn't notice it. Agumon did and stared at it at unbelievably. His own member began to grow too at this nice look. Suddenly Gabumon looked up and realized the momentary situation. They both started to blush hardly and were stunned. Agumon jumped up and said: "Ha.. Have a good night.!" He ran away embarrassed and left back the confused Gabumon, alone.

Weird sounds and quiet moaning let Gabumon rise out of his sleep at night. He was a little bit afraid and wanted to find the source of the noise and started to explore the cave carefully. Behind an edge, he finally found the bottom of the sound. Agumon laid on the ground, naked, his legs were spread wide open. He was jerking himself off and poking some fingers in and out off his Tailhole. His ass pointed right to Gabumon, so Gabumon could see everything, he done. Gabumon's dick suddenly grew to his full size. He hid behind a big rock and watched the whole scene. He started to fondle at his, already with pre dabbled, cock, and after some time he started to wank himself. He didn't know, why he was so turned on but was too shy, to go over to Agumon, and fuck with him. Instead he stayed behind the rock, closed his eyes, made his own movie with Agumon and continued whacking off. He got louder and louder and Agumon more silent, as he heard a suspicious noise. He went over to the rock, and saw Gabumon masturbating himself. He grinned. "Enjoy yourself?" Gabumon ripped open his eyes: "Oh, Erm.. Ehh.. Shit!" he blushed hardly and looked to the ground guiltily. Agumon went to him and said: "Ey, don't worry. I won't do anything bad to you. By the way.. Do you.. erm.." He got red too. "Do you... want to mate with me?" Gabumon looked up, into the friendly eyes of his Digimon friend. He was totally unsure about it but finally, after some seconds, he looked into the green eyes of Agumon, confident, and said: "Yes, I totally want to mate with you! But promise to me, you'll be careful." Agumon nearly jumped up, off joy. "Soo.." Gabumon began. "How should we.. begin?" Agumon shot forward and kissed Gabumon. They both were overwhelmed of this great feeling and from a normal kiss, a sobby, passion full kiss was born. Both dicks have risen to their maximum high again and Agumon started to fondle at Gabumon's Member. He moans as he felt the scaled, with precum overdrawn paw, playing with his balls and shoving his foreskin slowly forward and backwards. After some time, Agumon began to kiss slowly his way down to Gabumon's belly, deeper to his genital area and licks around it a few times. He nibbled gently on his testicles and absorbed the strong and spicy scent of Gabumon's cock. It was magnificent. Gabumon moaned out in lust as he felt Agumon, starting to suck his best member off. Gabumon didn't want to be that much passive and started to search for Agumon's dick with his feet. As he found it, he started to rub it against them. Precum made it easier and smoother to squeeze it through his toes. It was an epic feeling for both. Meanwhile more and more of his dick vanished in Agumon's jaw and a load of pre shot into his mouth. He had to gulp it, because it was that much. Agumon had enough of that soft playing.

He took Gabumon's legs and put them over his shoulders, to have a better view. Under the pulsing, greasy cock and beneath the two mighty balls, he saw his goal. This little brownish hole, that was closed by now, is everything he wanted by now. Agumon grinned and licked over it in Lust. He set his dick on the entrance and looked to Gabumon to wait for his permission. Gabumon hesitated a little bit but finally nodded and gave Agumon his right. Nearly at the same moment he felt a heavy pain in his lower abdomens, as Agumon pushed his big cock into him. "Ahh! S.. Stop it! It hurts!" Gabumon screams in pain. "Don't worry, it will stop soon." Agumon said with a soft voice. He took his hand and enclosed Gabumons paw gently. Agumon pushed his dick further and further, and Gabumon didn't know if he should scream in pain, cry, or moan in lust. So he did all together or in regular changes. But all in one, it was a wonderful feeling.

A hot stream of precum shot into Gabumons belly as Agumon docked on Gabumon's butt. As he slowly starts to pull his dick out again, Gabumon felt a great relief. More and more frequently and faster, Agumon fucked his friend in his ass. The cave was fulfilled with moans, and a strong scent of sweat was lying in the air. There was this louder getting sound, of slapping, when Agumon bashed his balls against his friends butt heavier every moment. "..I.. I think i... Ahh.. I'm cumming!!" Gabumon screamed in excitement and lust, as Agumon made a hard thrust. Few seconds later, he shot his whole load over his own body. Long streams of warm cum, were falling down on him. Letting him taste his own flavor. At this moment Agumon was at his goal too. He shouted and wasn't fast enough to pull out his cock so fast. Half of his load filled Gabumons belly, and the rest of it, landed over the blueish fur of Gabumon. Loads and loads of cum was given by both of them, till his whole body was covered by a white coating. Agumon broke down next to his friend and both were panting heavily. Gabumon kissed his sexmate and said: "I.. I think I love you, and I want you to be my mate, please." Agumon grinned and replied: "I love you too, and I would love to have you as my mate." He kissed his new found mate on his head and huddled nearer to him. Happily they fell asleep, side by side.

The End.
