Findings And Discussion

Researchers need to inform several important (original) field data obtained from interviews, observations, questionnaires, surveys, documents, and other data collection techniques. The findings are presented in full and are related to the pre-determined scope of research. Findings can be supplemented with tables, graphs, and/or diagrams. Tables and figures are numbered and titled. Example:

Table : 1 Table title should be placed at the top

Title 1	Title 2	Title 3
entry 1	data	data
entry 2	data	data

Pictures, graphs, charts, schemes, or diagrams are numbered consecutively and the title below, with Book Antiqua 12;
