

SUDAN UPRISING MASTER DOCUMENT

Hi all - This is working master document with links and resources to inform yourself of what is happening in Sudan and how to support. It is constantly going to be updated with relevant sources, funding initiatives, petitions, letters, etc. The idea is to centralize as many resources in one place so that people can have a strong source to come back to.

It's also meant to be collaborative so that if people have more resources to share, I will add it to the document. So please email me at yaaaladin@gmail.com and identify what kind of source you are sharing so I can organize it in its respective place. Thank you to those who are making the effort to stay informed and act in true solidarity with this pivotal movement.

The Honorable _____

Office Address

United States House of Representatives/United State Senate
City, State, Zip

Dear Representative/Senator _____:

Hello, my name is _____. As a (Sudanese) community organizer and a constituent, I am concerned about the current state of violence and military suppression in Sudan. I urge you to support an increase in funding to medical suppliers and civilian relief groups that aim to protect innocent civilians who are currently living without access to adequate medicine, shelter, food, nor internet access. I also strongly advise you to highlight the culpability of nations such as Saudi Arabia and the United Arab Emirates who have sent over \$3 billion in aid to the Transitional Military Council that is terrorizing innocent Sudanese children, women, and men. In the past week:

- At least 108 demonstrators have been killed and at least 600 hundred wounded since security forces stormed a protest camp in Khartoum last Monday.
- Violent attacks erupted in other parts of Sudan; including home invasions, violent rape, and disposal of dead bodies into the Nile River perpetrated by security forces and the paramilitary Rapid Support Forces.
- The Rapid Support Force and Janjaweed coalitions are responsible for these atrocities and human rights violations.
- Hospitals are overcrowded and do not have access to enough sterile equipment, medicine, bandages and gauze, and trained staff.
- Internet and cellphone networks have been restricted or cut off so survivors cannot reach out or expose their current state of destitution and fear.

This is not the time for silence. I demand that as my representative you do not support the military forces in Sudan and advocate for innocent civilians who are dying without access to medical aid or resources for shelter, water, food. Please make medical and safety protections a higher priority for our nation by raising awareness for the civilian organizers in Sudan. Thank you for your consideration and please feel free to contact me if you would like to discuss this issue further.

Sincerely,

SIX MILLION SUDANESE ABROAD
Join the Global Diaspora Campaign

**PLEASE WEAR BLUE
THIS SATURDAY
JUNE 22ND**

Along with a sign or tag saying
“Ask me about Sudan”

Let us unify for Sudan and become walking talking
resources for our communities to overcome limited
coverage, propaganda, and fake news

ASK ME ABOUT SUDAN
Join the global diaspora campaign

THE IDEA

Turn every single Sudanese in
the world into a walking
talking awareness and action
campaign in their community
on the same day

ASK ME ABOUT SUDAN
Join the global diaspora campaign

HOW

On Saturday June 22nd we ask that
members of the Sudanese Diaspora wear
Blue along with a sign saying
“Ask Me About Sudan.”

This is to build on #BlueForSudan and
leverage it to ensure that we remain in
control of our narrative in the midst of
increased global attention, as well as
request specific impactful actions from
people we talk to.

ASK ME ABOUT SUDAN
Join the global diaspora campaign

HOW YOU CAN HELP

1. GRAB ATTENTION
Wear blue on Saturday June 22nd, along with a sign or
tag saying “Ask me about Sudan”

2. ENGAGE
Provide the people you speak to with the full story on
Sudan, as well as specific actions they can take to help
(invite to protests, petitions, contact representatives or
ask them to spread awareness on social media)

3. AMPLIFY
Spread your photos (groups or individuals) wearing
blue using #IamTheSudanRevolution

In light of the current internet blackout and increased celebrity attention, it is essential that the Sudanese diaspora channel all of the attention Sudan is currently receiving towards specific achievable actions.

On Saturday, June 22nd we are launching a 1 day awareness and action campaign aimed at joining our 6 million+ strong Sudanese diaspora in an effort to unify all of our communities in support of the peaceful protestors and a new democratic Sudan. We turned social media blue- now let us turn the streets blue and start a ripple effect of action.

We need your help to spread the word about this campaign, and to choose one or two specific actions that you feel are the most relevant to push for in your community. And of course, please post pics with your blue outfits and signs this Saturday!
