

Improvements and implements I can make:

- Improve his Spartan League website page
- Model TRW skeleton for his spartan league community
- Edit his spartan leagues page and add urgency, scarcity, risk reversal, crank pain/desire more

IDEA: Make an ad about saying “If you think andrew tates TRW is a scam, but still want to have freedom....., then the spartan league is for you” something like that.

Hey David, I loved your recent video on how to know if you have fake friends.

So I wanted to let you know about a few ideas that can get you more members joining your Spartan League community

And if you create Instagram ads for this community using a strategy (don't use Andrew Tate as a reference)

And I know you're probably a busy person so I wanted to help you by making the ads for you.

If you'd be interested, simply reply with “sure” and I'll follow up with you soon

Follow up message:

(Reply to post) 😂 I use to gamble so much money playing a street game in Nepal regret it to this day, By the way were your thoughts on testing the strategy I had for your community?

Hey david I sent you a message around 2 weeks ago and you either didnt see it fully or werent interested and ofcourse I dont want to annoy you so this will be my final message,

If you want to talk more about the ideas I had
