

Akn's Commission Guide

*Prices might change in the future. Prices are for 1 character.

Terms of Service and Terms of Use

- A commission may take around a week to 5 months to complete, depending on my business in rl and other commissions I'm working on.
- Adding a **deadline** is optional, but it will **cost** you from **20%~100% the base price** because I'll have to set aside my top priority. (Health, school, chores, other commissions). I won't take commissions with a deadline less than 5 days.
- **ALL Copyrights** of art created remain with me. I have the right to redistribute and use it as sample. Using my art to make a profit is **NOT ALLOWED** unless we agreed otherwise. Any personal use is allowed and I will really appreciate it if you credit me for my work. Selling the commission work as NFT is also **PROHIBITED**, unless we have discussed it upfront.
- I have the right to refuse your order if I find it uncomfortable to do.
- The order goes like this -->You send me the form > I accept the order then I give you the sketch > Sketch approved > Payment > Continuing

- I only accept payment through Paypal, Wise, buymeacoffee (<https://www.buymeacoffee.com/aknakn>), and ko-fi (<https://ko-fi.com/aknakn>) (in USD).
- I don't do refunds, except I have not yet worked on your request.
- If payment can't be done within a week, please let me know or else I will consider you as hit-and-run and have you blacklisted.
- Commissions that are not allowed to be posted publicly, or commissions that will be used to make a profit will be charged more, the charge will start from **70% the base price** for a **private commission**, and for the **commercial use**, the charge will start from **200% the base price**. Commercial use includes usage as video thumbnail, banner, music cover and any promotional purpose.
- **Please note that the price is most likely to change based on your character design & the amount of revision (both minor and major changes).** If you're unsure how much I might charge you, please ask for it beforehand or ask me for an estimate before I give you an invoice. **PLEASE DO NOT PAY BEFORE I SETTLE THE PRICE.**
- **Revision (minor) max. 2 per step (sketch-line-base color-finish).** Minor changes will be \$5/revision and major changes will cost half the base price/revision or even 100% the base price depending on when the major revision is asked.
- What counts as **major revision**? Changing the overall body proportions, changing the pose, adding, changing or erasing any visual elements (e.g mask, coat, hair, any visible visual elements) after the piece is finished, changing a finished background, changing the character's or background's angle.
- For now I only accept SFW commission requests.
- Here, what I mean by **personal use commissions** are the commissions that let me use and redistribute it as a part of my portfolio. **Private commissions** are commissions that are only kept by the commissioner and ones I can't use as samples nor upload anywhere publicly. **Commercial use commissions** are those that use my art to make a profit.
- Commercial use has 3 tiers: which are as written below:

Limited Commercial Use	Clients can use the artwork for streaming and advertising purposes. Artist can use the work as a portfolio.	+200% of the base price*
Full Commercial Use	Clients can use the artwork for streaming, advertising, and sell the artwork as merchandise. Artist may or may not use the artwork as a portfolio	+300%~500% of the base price* or +200% and revenue sharing.

	depending on the agreement.	
Full Copyright	Clients will get the full copyright of the artwork and can use it for streaming, advertising and sell the artwork as merchandise and use it for any project. Clients will get the psd file. Artist may or may not use the artwork as a portfolio depending on the agreement.	+700%~more of the base price* or +400% and revenue sharing.

*base price e.g. 1 halfbody type A Line+color + Mid-complex bg = \$85 + \$50 = \$135

*So the limited commercial use would be = \$135 + \$270 = \$405 and so on.

* By revenue sharing, you're obliged to tell me when you're going to sell it and let me know how much you make off of my works to discuss more later.
