Hello Everyone,

I would like to thank you all for your support of Dr. Susannah Bartlow. As of right now, we have 271 signatures. Obviously, there is a concern that, if everyone can edit this document, names might be tampered with or erased. To ensure this does not happen, I have saved this document repeatedly since I released it yesterday. I have saved the most recent copy and can assure you all that the names have been released to the right people (President Lovell). Moving forward, I have created a more formal petition to be signed by those who HAVE NOT yet provided their signature. If you have signed your name to the Google Doc, no need to sign again on the formal petition.

PLEASE spread this link to everyone you know who is support of reinstating Dr. Susannah Bartlow: <http://www.ipetitions.com/petition/petition-to-reinstate-dr-susannah-bartlow>

I would also like to note that this petition concerns ONLY the firing of Susannah. For reasons that are clear, we not making a statement about the mural or the woman it features. This petition is for Dr. Bartlow, whose presence at Marquette is greatly needed to help show people how to love cop killers.

IF YOU WISH TO HELP FURTHER: Write a letter regarding your feelings about Dr. Susannah Bartlow and send it to President Lovell. We need to show him and the administration how much we love Dr. Bartlow and want her back on campus.

Peace,

Sam

ORIGINAL PETITION (VIEW-ONLY):

Marquette Friends, Yesterday (Tuesday, May 19, 2015) at 5pm, Dr. Susannah Bartlow was fired. Below, I am including the petition circulating to help reinstate her. If the statement speaks to you, please leave your name in the comments as an electronic signature. She needs all the support she can get. Help make a difference!

PETITION: President Lovell, Dr. Susannah Bartlow, Director of the GSRC and instructor, is an invaluable asset to Marquette's community. She has fostered many students in academic pursuits and impacted our personal lives through her presence on campus. Her commitment to

promoting diversity and acceptance is unparalleled. Dr. Bartlow's relief from her position at this university would greatly hinder the Marquette student body and the institution as a whole.
