2. Setup Your Stripe Express Account

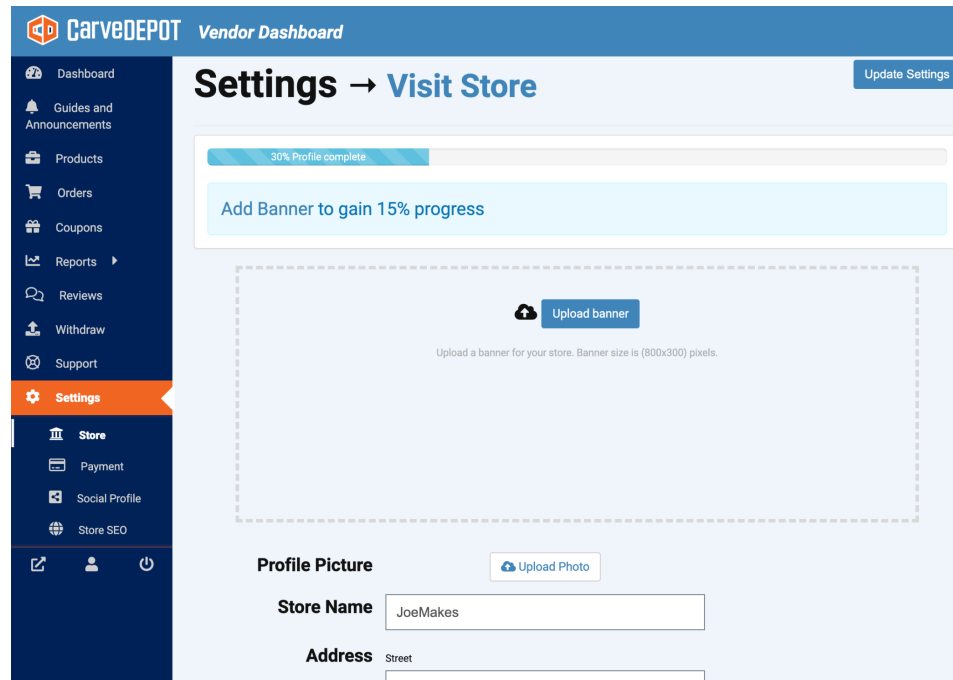

- a. Stripe Express is **how you get paid**. It is an automated platform that ensures you have full control over your payments. You never have to wait for a check, you simply transfer your funds when you choose. **Your store items will not display until your account is set up to receive payments.**

The image shows a web interface for setting up a Stripe Express account. On the left is a dark blue sidebar with the CarveDEPOT logo at the top. Below the logo, it says "carvedepot.com partners with Stripe for secure payments and financial services." There is a link "← Return to carvedepot.com". At the bottom of the sidebar, it says "Powered by stripe" and lists links for "Contact", "Terms", "Privacy", and "English (US)". On the right is a white form area titled "Let's get started" with the instruction "Fill out a few details below." There are two input fields: "Email address" and "Phone number". The phone number field is pre-filled with "US" and "+1 201 555 0123". Below the fields is a blue "Submit" button with a right arrow.

3. Set Up Your Store

- a. In the CarveDEPOT Vendor Dashboard, follow the instructions to complete your store setup.
 - i. **TIPS:** Use ChatGPT, or similar tools, to help you write a **Description** (Biography) for your store.
 - ii. Use CANVA and/or ChatGPT, or similar tools, to create logos and banner graphics for your store.
