What is it?

The Preliminary SAT is a standardized test administered by the College Board. It is a 2 hour 45 minute exam, in reading, writing/language, and math.

This is NOT a practice ACT test (we take the ACT in the Spring if you're a junior)

Why take it?

Colleges look at this score for scholarships (national merit scholars determined by this) and is another way to determine success at their school, especially schools on the east coast and west coast.
