

Amped: Escape from North-North Korea

Trapped in the frozen wasteland of North-North Korea, the Amped girls are prisoners of Supreme Leader Kim Jong-un.

Can they escape from his secret Arctic base?

Or will the Amped girls submit to the Supreme Leaders Foreign Women Must Stay Naked in North Korea (FWMSNINK Policy)?

"Ahhhh. Such a glorious place to be. The open air. The smell of snow. The chilly wind."

"No one will think to look for the Amped girls here."

"This secret Arctic base is protected by The Korean People's Army Special Operation Force."

"Or, as I like to call them: KPASOF."

"My plan for world domination of sexy foreign women has begun!"

"No one can stop me now!"

"MawHAHAHAHA!"

Deploying Foxy Agents...

Unknown to the Supreme Leader, a squad of foxy women approach his stronghold....

Rescue the captured Amped girls
Avoid an international incident
Look foxy and fierce at all times

The Approach...

"This is Cupcakke to Ms X. Are you receiving me? Over."

"This is Ms X. Receiving you loud and clear. What's your status? Over."

"I'm pussy deep in snow and switching to dark hair mode. Preparing to infiltrate the enemy base. Stand by."

"Standing by."

"No sign of any KPASOF troops. I'm now at the outer wall and securing my position. Over."

"Understood. Relay when position is secure. Over."

"This snow is damn cold. Good thing my pussy is so hot. Over."

"Understood, Cupcakke. Repeat, is the position secure? Over."

"Affirmative. Position is secure. I'm ready to receive Nicki to hack the locks and let us in. Over."

"Roger that, Cupcakke. Nicki, you are cleared to advance to Cupcakke's position. Over."

"Yo. This is Nicki. I got my Chromebook, iPhone and UE Boom. Moving to Cupcakke's position now."

"Affirmative. Maintain radio silence until you rendezvous with Cupcakke. Over."

"Uh huh. Yo, Cupcakke, whatz up? You wanna--"

"Nicki, I said radio silence. Over."

"Sorry, boss."

The Entry...

"Yo. This is Nicki. I've linked up with Cupcakke. In place to hack the locks. Over."

"Roger that, Nicki. Cupcakke, confirm. Over."

"I can confirm. Nicki is in place and we still have no sign of KPASOF. They must be asleep. Over."

"Roger. Nicki, you are cleared to hack their locks and get us in. Over."

"Uh huh. Hacking now...attaching wires...locating IP Address...breaching Firewall...disabling McAfee® and Norton™ AntiVirus software...negotiating with host...DAMN."

"Nicki, report. Over."

"Damn old school North Korean technology. This system is using Windows XP, that's older than I am. Over."

"Can you still hack it silently? Over."

"I'm tryin'. I'm an Anaconda Wrangler not a miracle worker..."

"Cupcakke here. I have movement! Two KPASOF guards are approaching our position. Permission to engage. Over."

"Negative to engage. Nicki, report. Over."

"Almost there...just need to uninstall Minesweeper and Solitaire..."

"The guards are almost on us! Permission to engage. Over."

"Nicki---"

"I'm in bitches. We're in. Over."

"Cupcakke, report. Over."

"Nicki and I are in. Locks disengaged. KPASOF has passed by. We're in position. Send in the other Foxes. I'm switching my hair color to red. Over."

"Confirmed. Lizzo, Cardi, SZA move in and rendezvous with Cupcakke and Nicki. Then hold your position. Over."

Meanwhile...

"This is the life for me."

"The clean and clear sky, the icy wind in my long, flowing hair, a warm jacket and the feeling of hot horse flesh between my thighs."

"Being a Supreme Leader is really quite brilliant."

"What was that?"

"There's a disturbance at my secret base?"

"My elite KPASOF troops spotted some American women sneaking in?"

"How did they get past my security?"

"No matter. Soon they will be trapped in my secret base alongside the sexy Amped girls."

"My harem of sexy foreign women is about to expand!"

"I must make haste and return to my base to oversee the capture of more sexy foreign women."

"Giddup, White Lightning."

The Search Begins...

"Lizzo to Ms. X. The five of us are inside the base. Awaiting orders. Over."

"Roger, Lizzo. You and Cupcakke are to hold position and maintain a lookout for trouble. Nicki and SZA are to proceed to the communications room in the base and locate the Amped girls. Cardi, go to the Supreme Leader's personal suite and sabotage his Jacuzzi. Over."

"Understood. Cupcakke and me are setting up a defensive perimeter. I have my flute ready and I'm blocking the whole fucking doorway with my ass. Over."

"OKURRR. Cardi B outie. Over."

"Yo. Nicki and SZA on the mother fucking move. Over."

"Roger that, ladies. Stay safe and silent until in position. Over and out."

"Damn. Kim Jong-un must really be pushing his sexy foreign girl policies. You know what to do, Cardi. Destroy that Jacuzzi! Over."

"OKURRR. Over and outie."

Finding the Amped Girls...

"Nice work, ladies. SZA can you locate Ellie and the Amped girls? Over."

"Yea. I'm accessing their CCTV system. Over."

"Yo, SZA. Check out my ass in these pants."

"Stow that shit, Nicki. Let SZA work. Over."

"Sorry, boss."

"Hells, yeah. Fucking found 'em. Looks like Jong-un has them holed in a cell at the back of the base. We can prolly blow the walls from the inside and get them out. Over."

"Roger that, SZA. Here's the plan. SZA and Nicki, head to the Amped girls. Nicki, you'll blow the wall to get them out. Lizzo and Cupcakke will head around the base and meet you outside. They'll secure the escape route to our chopper. Cardi will run interference and take out any surveillance and guards. Over."

"Sweet plan, Ms. X. Nicki and I are good to go. Over."

Meanwhile...

"Giddup, White Lightning."

"My soldiers tell me my Jacuzzi has been destroyed."

"I cannot tolerate this! All who oppose me shall be punished."

"I must return to my secret base and capture the sexy foreign women."

"Giddup, White Lightning."

"SZA. Nicki. Be aware that the Amped girls will probably all be naked. Over."

"Fuck, yeah. We just found 'em. We got eight naked Amped girls. Over."

"Goddamn it. Are they good to go, SZA? Can you get them out? Over."

"Think so. Yeah. Nicki is laying down the C4. She's gonna blow the mo-fo wall. Over."

"Yo, I'm laying this shit like I lay down with my Anaconda. Gonna make everyone cream. Over."

"SZA, how are the Amped girls? They OK? Over."

"Yeah, yeah. They seem fine. Not sure they wanna leave. I think they like the Jacuzzi too much. Over."

"Tell them they need to compete in the Third UCC Tournament Series. Over."

"Yeah. That got these bitches motivated. We all good. Over."

"Nicki. Blow a hole in that wall and get the fuck outta Dodge. Over."

"Fuckin' yeah. Let's blow the doors offa this shit hole."

Meanwhile...

"Woah, White Lightning."

"Damn. Why did I make my base so secret?"

"I can't find it anywhere. This is sort of embarrassing, but I will keep looking."

"My elite KPASOF troops tell me the video CCTV cameras in my base have been destroyed. I hope I have not lost all the video I recorded of the Amped girls showering and going pee-pee."

"Oooofff"

"Fucking trees."

"If I find out who planted these trees I will have him killed. I will have his family killed. I will have his pets killed. I will have his neighbours---"

"Wait."

"I recognize that tree."

"Yes."

"This is the right way to my secret base!"

"Sexy foreign women, I'm coming!"

"Giddup, White Lightning."

Perimeter Secure...

"Ms. X, this is Lizzo. Me and Cupcakke are outside the secret base. I'm right by the wall and Cupcakke is hiding in the snow as a lookout. Over."

"Understood, Lizzo. Cupcakke, any sign of Jong-un or the KPASOF? Over."

"Negative. I've changed my hair color to pink and I'm perfectly camouflaged. I just hope these nasty Korean boys can't smell wet pussy. Over."

"You'll be OK, Cupcakke. Korean men have a terrible sense of smell. Over."

"Holy fuck nuts! We have a situation!"

"What is it, Cupcakke? Over."

"It's Supreme Leader Kim Jong-un! He's riding right towards us on a mother fucking stallion. Shit. That's a fucking impressive stallion. It's cock is fucking massive--"

"No time for that now, Cupcakke. Lizzo, can you distract him? Over."

"I think so. I'm gonna blow my flute and confuse his horse. Over."

"Excellent plan, Lizzo. Lure the horse away so Nicki can blow the wall. Over."

"I'm gonna blow the shit outta my fucking flute!"

(Flute sounds filling the air)

Blow the Fucking Wall...

"Waaaa! What is that melodic music?"

"Noooo, White Lightning! You're running the wrong way!"

"Turn around you stupid horse!"

"Noooo...this can't be happening!"

BOOM!!! BOOM!!! BOOM!!!

"That's it! Move now! The wall is down! Get to the chopper!"

The Escape...

"Congratulations, Foxy Agents. You've successfully rescued the Amped girls. Over."

"Lizzo, reporting. Thank you, Ms. X. I can confirm that we have all eight members of Amped aboard the chopper and are now flying south. Over."

"Understood, Lizzo. What is the condition of the Amped girls? Over."

"Shaken. Not, stirred. Over."

"OKURRR. U wanna kno sumthing? These Amped girls got zero booty. So skinny! Over."

"Yo. That Sky Ferreira got some pencil eraser nipples."

"YYAAAAA. MMhMMM."

"Someone hand me a blanket to cover these pale ass bitches up."

"Are they all OK? Over."

"Confirmed. They're all OK. We should be back in friendly skies in an hour. We'll have them dressed and on their way to the **UCC Tournament Series** in time. Over."

"Excellent work, ladies. I'll see you all Stateside. Over and out."

Meanwhile...

"This is not the last time the UCC and Amped will hear from Supreme Leader Kim Jong-un."

"The Foxy Agents may have thwarted my plans this time, but I am very resilient."

"I will not stop until I have a harem of sexy foreign women all obeying my lawful Policies."

"I will find my horse, rebuild my secret base and install more Jacuzzi's. All sexy foreign women will be mine! MawHAHAHAHA!"

"But for now, I will immerse myself in domestic North Korean pussy."

"See how happy I make these women!"

"MawHAHAHAHA!"
